2014 Class 5A District Baseball Bracket

BASEBALL

2014 Class 5A Regional/State Baseball Double Elimination Tournament

All games at neutral sites to be determined by CHSAA.

Site director will flip coin for home team in all games.

* - L11 and W11 may change places so that previous opponents are not matched. CHSAA will make determination.

% - If three teams remain after game 13, the winner of game 11 draws a bye to game 15. If W11 loses game 12, there will be three teams left and W11 earns the bye. W12 then plays W13 to reach finals.

V. POLICIES (ALL CLASSES)**A. Tie-Breaking System****Two-Way Tie**

1. Head-to-head record in regular season.
2. If still tied, the records of the tied teams will be compared with first place team, then the second place team, etc. until the tie is broken. All higher placed ties must be broken before any lower placed ties.
3. If still tied, the following cumulative point system will be used. The team with the most points will receive the highest seed, etc. The winner of a game will receive three (3) points plus one point for each point difference in score up to five (5) (maximum of 8).
4. If still tied, a coin flip will determine the seeding. A coin flip will be used only as a last resort. If a coin flip has to be used to break a higher place tie, then the method explained in 1b above will be used to break any lower placed ties.

Three or More Way Tie

1. The head-to-head record of all teams involved in the tie will be compared to determine the seeding of all teams in the tie. If this produces a two-way tie, then the method explained in 1a above will be used; if this produces a three-way tie, then the method explained in 1b above will be used to break the tie.
2. Once a three-way tie is broken, the two remaining teams will resolve their tie as if a two-way tie exists.
3. If still tied, the following cumulative point system will be used. The team with the highest number of points will receive the highest seed. The winner of a game will receive three (3) points plus one point for each run difference in score up to five (5) (maximum of 8).
4. If still tied, a coin flip (as described in 1d above) will be used to break the tie.

B. State Association Adoptions

1. District/Regional/State Game-ending Procedures

All regional and state level games will be played to their conclusion in seven innings unless the 10-run rule comes into effect or extra innings are needed. All suspended games at the district, regional and state level shall be completed from the point of suspension to the conclusion of the contest at the earliest time possible.

All games will play seven innings unless otherwise terminated by the 10-run rule or the game goes into extra innings. NOTE: In all cases, the innings pitched by the pitcher(s) count toward the maximum number of innings allowed.

2. Regular Season Game-ending Procedures

A statewide game-ending procedure will be used as follows: “any game which is terminated by darkness, rain or other cause before it is a regulation game will be considered a suspended game and shall continue from that point of suspension at the earliest time possible. However, any remaining play may be shortened or terminated by mutual agreement of the opposing coaches.” (Rule 4, Section 2, Article 4).

3. Speed Up Rules

The Association has adopted the use of speed up rules as noted in the NFHS Rule Book.

BASEBALL

4. Pitching Limitation Rule

The CHSAA has adopted the following pitching limitation rule as required by the NFHS Rule Book:

- a. A pitcher may appear in no more than 12 innings on any consecutive calendar days. This rule applies to regular season and playoffs and one pitch is considered an inning.
- b. A pitcher may not appear in more than 70 innings (exclusive of district, regional and state playoff games) during the season. One pitch is considered an inning and there is no exception for extra inning games.

5. Sub-Varsity Game Time Limits

The CHSAA Baseball Committee has adopted an optional time limit for sub-varsity games at 2:15. This is a statewide standard and each league that elects to have time limits on sub-varsity contests, it must be 2:15 without variance.

C. Seeding Criteria/Classes 2A/3A-4A-5A

CLASS 2A

1. True seed the top 4 teams based on Section V, letter C of this report;
2. True Seed teams 5-8 but make adjustments for extreme geographical considerations, avoiding league match-ups;
3. Pair teams 9-16 based on geographical considerations.

The Tournament Seeding Committee will seed, establishing their seeds based on (but not limited to) the following:

- Overall record
- Strength of schedule
- Head-to-head competition
- Strength of competition
- Record against common opponents

League and district opponents may be paired against each other. A school in any league may be seeded above a school that finished above it during the regular season.

CLASS 3A

Each league qualifies the appropriate number of teams to the district tournament to be true seeded 1-32.

The Tournament Seeding Committee will then true-seed, establishing their seeds based on (but not limited to) the following:

- Overall record
- Strength of schedule
- Head-to-head competition
- Strength of competition
- Record against common opponents

League and district opponents may be paired against each other. A school in any league may be seeded above a school that finished above it during the regular season.

Once the bracket has been determined, the CHSAA will assign the schools to the appropriate regional sites and establish the game times.

3A/4A/5A DISTRICT TRUE SEED NOTE: Once the pairings have been determined, the committee may elect to move teams to create more appropriate geographical pairings. Any adjustments will be made in the teams seeded 17 to 32. The committee shall pair these teams with geography taking primary priority.

CLASS 4A/5A

Class 4A and 5A will qualify 4-6 teams (4A) or 7 teams (5A) by Wild Card Points to fill out the 32-team district brackets. Teams will qualify for Wild Card berths based on which team earns the highest number of playoff points:

$$\frac{(\text{Victory Points} + \text{Defeat Points})}{\text{Games played}} = \text{Playoff Points}$$

The CHSAA office shall compute the playoff points, making all information available to schools in contention. The announcement of the Wild Card teams shall be made on May 8 prior to the beginning of district playoffs. No protest shall be entertained after the deadline unless it involves wrong information supplied by the qualifying team.

- The top 8 qualifying teams shall be seeded 1-8 based on Wild Card Points.
- Teams 9-16 shall be seeded based on Wild Card Points, but can be moved to avoid significant geographical conflicts and league match-ups.
- Teams 17-32 will be paired geographically (avoiding first round league match-ups). Note: Teams can move up or down by 2-3 spots to meet these requirements.

Please note the following:

- The number of runs a team scores in a game will have no bearing on the point system.
- A team with a greater amount of wild card points may jump ahead of a team that has finished higher in league standings.

Victory Points – Defeat Points:

Victory points and defeat points are earned for wins and losses in games played and completed by the last Saturday (unless weather causes delays) in the regular season of the classification for which points are being computed based on classification and quality of wins and losses. The regular season is determined by the Colorado regular season and any varsity games played during that season will count toward Wild Card points whether they represent regular season or playoff games in the state in which they are played.

- Schools earn victory points for each win and defeat points for each loss, based on the table below.
- Total points will be divided by the number of games played.
- JV opponents will not accumulate Wild Card points.
- Enrollment for out-of-state schools will be equated to Colorado classifications.

BASEBALL

- A team that wins because it is awarded a forfeit will count the game as a win for its season record. A team that loses because of a forfeit will count the game as a loss for its season record.
- If a school fails to field a team and does not play one game, each of its scheduled games shall be counted as no contest.
- If a school plays at least one game and discontinues its schedule, each of its games scheduled prior to the season shall count as a forfeit and will be computed in the Wild Card standings.
- If a non-conference game is canceled because a team discontinues its schedule, a school may reschedule another game in place of the forfeit, or they may accept the forfeit.
- All games scheduled after the start of the season must be approved by the CHSAA Baseball Commissioner in order to count in the Wild Card standings.
- Teams playing an opponent twice will receive separate victory and bonus points for each game.

WILD CARD TIE-BREAKING SYSTEM - To be used if Wild Card teams have the same number of playoff points

Tie Breaker: Head-to-head competition--if three or more teams are tied, head-to-head competition will be used only if one team beats all of the other tied teams. If after applying Steps 1 and 2 of the tie breaker process, two teams are tied, head-to-head shall be applied. The team(s) with the highest number of Tie-breaker points, shall be awarded the playoff berth(s):

$$\frac{\text{1st Level Points} + \text{2nd Level Points}}{\text{Games played}} = \text{Tie-breaker Points}$$

A. Award 1st level Point as follows:

5A	4.0 points
4A	3.5 points
3A	3.0 points
2A	2.5 points
1A	2.0 points

A victory over any team in these classifications is worth that number of points.

Award Second Level Points as follows:

If Team A beats a team, Team A also receive all of the points that team accumulated during the season.

If they beat a 5A team, Team A school receives 4.0 points

If they beat a 4A team, Team A school receives 3.5 points, etc.

Example:

	2nd Level Points	1st Level <u>Points</u>	
Fairview (4 wins) 3.5, 4.0, 4.0, 4.0	= 15.5	4.0	
Longmont (7 wins) 4.0, 3.5, 3.5, 3.5, 4.0, 3.5, 3.5	= 25.5	3.5	
Rocky Mtn. (4 wins) 3.5, 3.5, 3.5, 4.0	= 14.5	4.0	
Mullen (5 wins) 4.0, 3.5, 4.0, 4.0, 4.0	= 19.5	4.0	
Smoky Hill (1 win) 3.5	= 3.5	4.0	
	78.5	+ 19.5	= 9.8 (TB Pts.)
			(10 games)

Coin Flip (conducted by the CHSAA Office)

Please note that the following will be true for Class 4A and 5A Wild Card Points:

If a Class 5A school plays in a multi-class league (i.e., Southwestern), any league game shall be considered a game against a 5A opponent for Wild Card Point purposes.

Any games against out of state teams shall be counted in the Wild Card Point totals. Enrollment for out-of-state schools will be equated to Colorado classifications. The maximum number of games to be considered for ALL schools is 19. (If an out of state school has 24 wins, the Colorado school will only receive the maximum points for 19)

D. District/League Pairing and Seeding Procedures (1A, 2A, & 3A)

1. Districts must decide their seeding procedures on or before March 10, 2013, and must submit them to the CHSAA office. Teams will be seeded by the districts tournament seeding committees.

2. In 1A, 2A and 3A, if there is one outside team in the tournament and if there is not unanimous agreement by all participants in the district regarding how this team is to be seeded, the outside team will be placed on the bracket in the #3 or #6 seed according to their league winning percentage, overall record, and/or head-to-head competition within teams in the district. The team with the higher overall winning percentage will be entitled to host games if their respective seed is a designated host.
3. In 1A, all the teams in the respective district will meet and decide upon a seeding method for their district tournament and the host site(s) for the tournament. In 1A no team may be protected in a 1A district tournament for advancement.
4. In 1A and 2A, if there are two outside teams in the tournament and if there is not unanimous agreement by all participants in the district regarding how these teams are to be seeded, the outside teams will be placed on opposite sides of the bracket with one team seeded #3 or #6, and the other team seeded #4 or #5 according to league winning percentage, overall records, and/or head-to-head competition. The higher seed of the two outside teams shall be seeded in the bottom part of the bracket (2/7-3/6). Teams with the highest overall winning percentage will be entitled to host games if their respective seed is a designated host.
5. In 1A and 2A, if there are three outside teams and if there is not unanimous agreement by all participants in the district regarding how these teams are to be seeded, two will be placed on one side of the bracket and one on the other according to league winning percentage, overall records, head-to-head competition, league finishes, etc. Schools from the same league should not play each other in the first round of the tournament unless absolutely necessary. Exceptions might be if one of the teams is 18-0 and the other is 0-18 and they are seeded #1 and #8. Teams with the higher overall winning percentage will be entitled to host games if their respective seed is a designated host.
6. In 2A and 3A, multi-league districts in preliminary rounds when home sites are used and two teams from different leagues play, the team with the higher winning percentage will be the host team.

BASKETBALL

2013-2014 3A Boys & Girls Basketball Seeding/Pairing Procedure

Step 1: SELECTION OF THE 32 TEAMS TO THE TOURNAMENT FIELD

Thirty-two qualifiers from the leagues will be awarded positions in the 32-team tournament field. Each qualifying school listed in order of district finish with the appropriate designation and their league and non-league record must be submitted to the 3A Selection Committee by midnight Saturday, March 1, 2014.

A league composed of all teams from one league or no more than one outside team may protect the outright league champion and assign them a qualifying position at their discretion. A league may protect its outright league champion and assign it a qualifying position at the district's discretion when two or more teams are assigned to that district, as long as the number of outside teams is less than or equal to 33% of the number of seeds allotted to that district.

League qualifiers shall be faxed (303-367-4101) to CHSAA by midnight Saturday, March 1, 2014.

Step 2: TEAM PAIRINGS

Part 1

The 32 qualifiers shall be seeded/paired 1 through 32 by the 3A Bracket Pairings Committee. The six districts winners and the next top two teams as determined by the committee will be true seeded 1-8 and shall be the sub-regional host schools.

The committee shall seed the top 8 teams based on (not in order):

- Overall record
- League record
- League standing
- Strength of schedule
- Head-to-head
- Strength of league
- Record in the last 10 games of the season

In placing the seeds on the bracket, league affiliation shall not be a consideration (i.e., teams from the same league may be in the same half of the bracket or may be paired in any round.)

Schools from the same league/district may be seeded above another school from the same league/district event if it has a lower designation. (i.e., Metro #3 may be seeded above the Metro #1). Schools from the same league/district may be paired against each other in the first round.

Part 2

The committee shall then true seed the remaining 24 teams, placing 9 through 24 on the bracket.

Part 3

The lowest eight seeds shall be placed on the bracket with geography as a primary consideration for their placement.

BASKETBALL

2013-2014 4A Boys & Girls Basketball Selection & Seeding Procedures

Step 1: QUALIFYING FOR THE 48 TEAMS TO THE TOURNAMENT FIELD

Each Qualifying District shall provide the CHSAA Office by midnight on Saturday, February 22, 2014, a list of its qualifying teams in order of finish (no ties). Districts 1, 2, 3, 4, 6, 7 and 9 shall qualify 4 teams, while District 5 qualifies 5 teams and District 8 qualifies 6 teams to the 48-team field.

A committee of administrators, one representative from each of the nine leagues, shall convene to select the at-large teams and seed the state bracket.

Step 2: TEAM SEEDING/PAIRING – HOST VENUES

The 48 qualifiers shall be seeded/paired by the 4A Seeding/Pairing Committee on Sunday, February 23, 2014. The committee shall place the top four seeds in the four quadrants of the bracket (seeds #1 through #4 in each quadrant). Seeds #1 through #4 in each quadrant will have a bye in the first round. Seeds #1 and #2 in each quadrant will host the second round (four teams) on Friday, February 28 and Saturday, March 1, 2014.

The committee will seed/pair the remaining teams in the four quadrants (#5 through #12). Seeds #5 through #8 will host the first round games on the appropriate date as designated by the State Basketball Playoff Calendar. The winners in the first round will travel to the sites hosted by the #1 and #2 seeds.

The committee shall seed and pair the 48 teams based on the criteria noted below. In placing the seeds on the bracket, league affiliation shall not be a consideration. (i.e., some teams from the same league may be in the same bracket quadrant). All equal number seed positions are treated equal (i.e. all number 1 seeds are equal, as are all number 12 seeds). Seating minimum for the Sweet 16 Round is 1,250.

Designations (1, 2, etc.) from a league are significant in the seeding process in that a team may not be seeded above a team from its own league that has a better designation within a quadrant (e.g., D4 may not be seeded above D3, but, C3 may be seeded above CSM2 within a quadrant). But D4 could be a #4 seed in one region and D3 could be a #5 seed in another quadrant.

No one factor shall be more important than another in the seeding/pairing process, except that geographical considerations will be made in the lower seeds to lessen expenses.

- Record last 10 games of season
- League record
- League standing
- Overall record
- Head-to-head
- Strength of leagues
- Strength of schedule
- Geographical needs

NOTE: The committee shall, when possible, avoid pairings that will cause teams from the same league to meet in the 1st or 2nd rounds.)

Host site requirements for the “Great 8” round are minimum requirements established by the CHSAA Basketball Committee

- a. Operating concessions at all games
- b. Four locker rooms
- c. Adequate parking for the anticipated crowd
- d. Gymnasium or host basketball venue must seat a minimum of 2,500.

Step 3: REVIEW OF THE TOURNAMENT FIELD AND BRACKET

The 4A Seeding/Pairing Committee will review the bracket and correct any inequities that may compromise the validity of the final bracket. Seeding on the bracket will be designed to allow the better teams to advance. The committee will then vote on the final bracket.

Step 4: ANNOUNCEMENT OF THE TOURNAMENT FIELD AND SEEDING

The 4A CHSAA Basketball Selection Committee shall announce the selected teams and their bracket seeding on Sunday, February 23, 2014 by 2:00 p.m.

NOTE: Leagues are recommended to have a process within their league to verify submitted information to the selection committee. Leagues are recommended to verify, in a method chosen by the League, the information submitted to the Selection Committee. League information is considered final when it is submitted by the midnight deadline on the Saturday prior to the Seeding meeting.

HOST VENUES

Class 4A Second Round/Sweet 16 Host venues must have:

- a. Operating concessions at the games
- b. Two locker rooms for teams, four locker rooms preferred
- c. Adequate parking for the anticipated crowd
- d. CHSAA selected host basketball venue must seat a minimum of 1,250. Consideration may be given for a lesser capacity dependent upon the circumstances of the teams involved in that regional. Capacity will be verified through the venue fire code information and must be on file with the CHSAA by February 1, 2014.

BASKETBALL

2013-2014 5A Boys & Girls Basketball Selection & Seeding Procedures

Step 1: SELECTION OF THE 48 TEAMS TO THE TOURNAMENT FIELD

All outright league champions (no ties) will be automatic selections to the tournament. A list of schools in order of league finish, league and non-league record plus out-of-state opponent's information must be submitted to the Selection Committee by 8:00 a.m. Saturday, February 22, 2014 by the respective league representatives on the approved CHSAA forms.

Example: Centennial League finish – Overland-Cent1 (14-2, 20-3), Smoky Hill-Cent2 (13-3, 19-4), Mullen-Cent3 (12-4, 17-6), Arapahoe-Cent4 (11-5, 17-6), Cherokee Trail-Cent5 (11-5, 16-7), Cherry Creek-Cent6 (9-7, 11-12), Eaglecrest-Cent7 (5-11, 6-17), Grandview-Cent8 (4-12, 6-17).

Those teams that are at-large candidates for the field will be selected based on the following criteria: A committee of individuals selected by the CHSAA will observe regular season games and use their observations of team performances and the following criteria to make their selections for the at-large teams to the 48 team field.

No one factor shall be more important than another

- Record last 10 games of season
- League record
- League standing
- Overall record
- Head-to-head
- Strength of leagues
- Strength of schedule
- Observations by Selection Committee

Note: A league may have more than one team eliminated from the field using these criteria

Step 2: TEAM SEEDING/PAIRING – HOST VENUES

The 48 qualifiers shall be seeded/paired by the 5A Selection Committee beginning on Saturday and completed on Sunday, February 23, 2014. The committee shall place the League Champions among the top four seeded positions in the four quadrants of the bracket (seeds #1 through #4 in each quadrant). The seeding of teams #1 through #8 in each of the 4 quadrants will create hosts for each first-round game (seeds #5 through #8 will host) and second round games (seeds #1 through #4 will host).

The committee shall seed and pair the 48 teams based on the criteria in step one of the selection process. In placing the seeds on the bracket, league affiliation shall not be a consideration. (i.e., some teams from the same league may be in the same bracket quadrant). All equal number seed positions are treated equal (i.e. all number 1 seeds are equal, as are all number 12 seeds). Seating minimum for the Sweet 16 Round is 1,400.

Designations (1, 2, etc.) from a league are significant in the seeding process in that a team may not be seeded above a team from its own league that has a better designation within a quadrant (e.g., D4 may not be seeded above D3, but, C3 may be seeded above CSM2 within a quadrant). But D4 could be a #4 seed in one region and D3 could be a #5 seed in another quadrant.

NOTE: The committee shall, when possible, avoid pairings that will cause teams from the same league to meet in the 1st or 2nd rounds.)

Host site requirements for the “Great 8” round are minimum requirements established by the CHSAA Basketball Committee

- a. Operating concessions at all games
- b. Four locker rooms
- c. Adequate parking for the anticipated crowd
- d. Gymnasium or host basketball venue must seat a minimum of 3,000.

Step 3: REVIEW OF THE TOURNAMENT FIELD AND BRACKET

The 5A Selection Committee will review the bracket and correct any inequities that may compromise the validity of the final bracket. Seeding on the bracket will be designed to allow the best teams to advance. The committee will then vote on the final bracket.

Step 4: ANNOUNCEMENT OF THE TOURNAMENT FIELD AND SEEDING

The 5A CHSAA Basketball Selection Committee shall announce the selected teams and their bracket seeding on Sunday, February 23, 2014 at the Selection Show at 3:00 p.m.

NOTE: Leagues are recommended to have a process within their league to verify submitted information to the selection committee. Leagues are recommended to verify, in a method chosen by the League, the information submitted to the Selection Committee. League information is considered final when it is submitted by 8:00 a.m. deadline on the Saturday before the Sunday Selection meeting.

VI. DISTRICT/LEAGUE PAIRING AND SEEDING PROCEDURES (1A, 2A, & 3A)

A. DISTRICT/LEAGUE SEEDING 1A, 2A, 3A

1. Districts must decide their seeding procedures on or before December 1, 2013, and must submit them to the CHSAA office of the Assistant Commissioner in charge of basketball. Teams will be seeded by the districts tournament seeding committees.
2. In 2A and 3A, if there is one outside team in the tournament and if there is not unanimous agreement by all participants in the district regarding how this team is to be seeded, the outside team will be placed on the bracket in the #3 or #6 seed according to their league winning percentage, overall record, and/or head-to-head competition within teams in the district. The team with the higher overall winning percentage will be entitled to host games if their respective seed is a designated host.
3. In 1A, all the teams in the respective district will meet and decide upon a seeding method for their district tournament and the host site(s) for the tournament.

BASKETBALL

4. In 2A, if there are two outside teams in the tournament and if there is not unanimous agreement by all participants in the district regarding how these teams are to be seeded, the outside teams will be placed on opposite sides of the bracket with one team seeded #3 or #6, and the other team seeded #4 or #5 according to league winning percentage, overall records, and/or head-to-head competition. The higher seed of the two outside teams shall be seeded in the bottom part of the bracket (2/7-3/6). Teams with the highest overall winning percentage will be entitled to host games if their respective seed is a designated host.
 5. In 2A, if there are three outside teams and if there is not unanimous agreement by all participants in the district regarding how these teams are to be seeded, two will be placed on one side of the bracket and one on the other according to league winning percentage, overall records, head-to-head competition, league finishes, strength of league, strength of schedule. Schools from the same league should not play each other in the first round of the tournament unless absolutely necessary. Exceptions might be if one of the teams is 18-0 and the other is 0-18 and they are seeded #1 and #8. Teams with the higher overall winning percentage will be entitled to host games if their respective seed is a designated host.
 6. In 2A and 3A, multi-league districts in preliminary rounds when home sites are used and two teams from different leagues play, the team with the higher winning percentage will be the host team.
- B. PROTECTION FOR 3A LEAGUE CHAMPIONS FROM LEAGUE (district) TO STATE 32-TEAM BRACKET
1. A league (district) composed of all teams from one league or not more than one from another league may protect the 3A outright league champion and assign them a qualifying position at their discretion. A league may protect its outright league champion and assign them a qualifying position at the league's discretion when two or more outside teams are assigned to that league's district tournament, as long as the number of outside teams is less than or equal to 33% of the number of seeds allotted to that district. (i.e., 6 seeds, two outside teams equal 33%)
 2. In districts with two or more outside team(s), no league champion may be protected.
- C. PROTECTION FOR 1A & 2A LEAGUE CHAMPIONS FROM DISTRICT TO THE 22/32 TEAM REGIONAL/STATE TOURNAMENT BRACKET
1. A district composed of all teams from one league may protect the outright league champion to the extent that it shall receive no worse than the last qualifying position from that district.
 2. A district composed of all teams from one league may not protect either team, if there are co-champions in the league.
 3. If there is more than one outside team in a district, no league champion may be protected.

4. If a district is composed of all teams from one league and one team from another league or an independent team, the following will apply (if the district agrees, prior to the season (December 2, 2013 deadline), to provide protection for a league champion):
 - a. If one of the teams is champion or co-champion of the predominate league and the outside team is the champion of its league, there is no protection.
 - b. If there is one league champion in the district it shall receive no worse than the last qualifying position from that district, unless the outside team finishes in the last qualifying position in the district tournament.
- D. Districts--third place games or beyond will be played only when necessary for advancement order (i.e., #3, #4, etc. in qualifying) to the next level of play.

VII. OFFICIALS SELECTION (ALL CLASSES)

- A. The selection of 1A, 2A, and 3A district/league tournament officials will be the responsibility of the league assigners, in collaboration with site directors and the CHSAA office using the CHSAA "Arbiter Sports" online assignment system.
- B. Selection of officials for all other post-season games will be the responsibility of the CHSAA post season official's selection committee and the CHSAA office using the CHSAA "Arbiter Sports" online assignment system.

VIII. INFORMATIONAL ITEMS:

- A. The CHSAA Basketball liaison will conduct an in-depth survey of each classification following the 2012-2013 season to assist the basketball committee as it moves forward with its consideration. Each athletic director, boys' and girls' basketball coach will be asked to respond to the survey. Among the items to be surveyed include playoff formats, game limitations, validity of the consolation bracket (or a modification of such), mercy rule and shot clock.
- B. The Committee has continued its discussions to look at different ways to promote the sport of basketball within Colorado. The Committee is soliciting ideas from the membership for alternate means in showcasing the sport, especially the state championship events. A variety of formats will be considered for the next cycle.
- C. The Basketball Advisory Committee continues to encourage member schools to make a more concerted effort in game management by being proactive when dealing with officials. All officials should be escorted to and from the court.
- D. The Committee thanked the 5A Selection/Seeding Committee members for their work this season and extended a note of appreciation to them for their commitment to high school basketball.

BUDGET/PROPERTY ADMINISTRATION**I. MAJOR CHANGES:**

- A. Because funds have been frozen for the past three years, as all costs continue to rise, the committee felt it was prudent to raise fees in very small increments over two years rather than force schools the burden of a large fee increase in a few years.
- B. There will be a \$102,423 refund given to member schools in May 2013 as a result of a financially successful 2011-2012.
- C. \$19,703 reimbursed to schools to cover 100% travel cost in those sports that could not reimburse last year.
- D. There was \$203,000 given in May 2012 as a result of no operating profit in 2010-2011.
- E. The 2013-2014 fiscal budget as approved by the Budget Committee.

II. RATIONALE:

- B. The average school fee increase will be around \$32.00 in 2014-2015 and \$24.00 in 2015-2016. This small increase will help the association keep up with inflation. The increase in fees will provide the association the assuredly of income, but the entire increase will be given back to schools as long as the refund exists.
- B. Net Funds Available (2011-2012 Audit) exceeded 50% of the 2012-2013 CHSAA Budget by \$102,423.
- C. Net funds at the end of 2011-2012 were \$102,423 leaving enough money to fully reimburse travel at state events that did not pay at 100% last year.
- D. After the 100% travel reimbursement, funds were available for a refund.
- E. The Budget Committee approved the enclosed budget at its March meeting.

III. ITEMS FOR LEGISLATIVE COUNCIL ACTION:

- A. Service/Participation Fees 2014-2016:

IV. PROPERTY ADMINISTRATION:

A. The committee reviewed the long-term building maintenance and renovation needs.

V. INFORMATIONAL ITEMS:

A. The Building Fund, established by the April, 1999 Legislative Council, is currently at \$620,304. The Legislative Council approved the following uses for the fund: land, expansion, new building, major renovation and over uses as approved by the Legislative Council. There are currently no plans for immediate use of the fund. The committee asked that the building fund be funded only when CHSAA makes a profit.

B. The Budget/Property Administration Committee will recommend that ticket prices remain the same with no increase.

C. Directors and Officers Liability Insurance premiums have not increased, but staff health insurance premiums have increased. The CHSAA uses a self insurance pool for deductibles and co-pay to keep health insurance premiums at the lowest level possible.

D. Interest income and some gate receipts have decreased within the last year. Further, the 100% reimbursement formula has had an effect on the expense budget in succeeding years.

- C. Tie Breaking Procedure for playoff games

 2. If the contest remains tied at the end of the 10 minute overtime period the teams will change ends and will play one (1) 10-minute Sudden Victory Period with a team of ten field players and one goalkeeper (11v11), (See page 80, E-2b & E-5 for format).
 3. If the contest remains tied at the end of the 10-minute sudden victory overtime period, then the contest will move to Penalty Strokes (See page 80, E3). "Penalty strokes shall be taken alternating the attackers and goalkeepers at the same goal chosen by the officials. The winner of the coin toss shall choose whether to start on offense or defense. Each coach shall present a list of five stokers to the official. The stokers must have participated in the overtime period (or have been on the field when the regulation game ended). The players must stroke in the order listed (1 through 5). If a player strokes out of order that attempt is over and no goal is allowed. The next correct number stroker takes the team's next stroke... Only the coaches and remaining team members may be on the field provided they are behind the 25-yard line. Penalty strokes shall be terminated if one team has a goal advantage that cannot be overcome by the opposing team."
 - (a) If a tie still exists after the first set of penalty strokes, a second set of penalty strokes shall be taken. The team not stroking first in the first set shall start the second set of strokes. The stokers and/or order of stokers may be changed for the second set provided they participated in the overtime period. Penalty strokes shall be terminated if one team has a goal advantage that cannot be overcome by the opposing team.
 - (b) If no decision is reached after a second set of penalty strokes, a "sudden victory" shall be in effect. The first team awarded more goals than the opponent, after an equal number of strokes, shall be declared the winner. The team stroking first for the first set of penalty strokes shall start the "sudden victory."

- B. In Class 1A, head to head competition will be added to the seeding criteria.
- C. In Class 3A, the 3A championship game will move back to a home site.
- D. In Class 5A, at the discretion of the CHSAA football commissioner, additional members may be appointed to the seeding committee.
- E. In Classes A6, A8, 1A, and 2A championship home sites must accommodate a seating capacity equal to twice the maximum enrollment of the respective classification. Example: 2A has an enrollment maximum of 599 x 2 = 1198, minimum seating capacity. The 3A championship sites must accommodate a seating capacity equal to or greater than 2500. If going into the playoffs a school knows their home site cannot accommodate the enrollment twice the maximum enrollment of the respective classification, that school must designate a regional site in the first round of the playoffs.
- F. In Classes 4A/5A, semi-final home sites must accommodate a seating capacity equal to or greater than 3500/5000 respectively. Any 4A/5A playoff qualifier that cannot meet this minimum seating capacity must designate a regional site in the first week of the playoffs.

II. RATIONALE:

- A. Additional member was added to the committee to break any ties during the seeding meeting.
- B. Head to head adds a tangible criterion in seeding teams.
- C. Because 3A is spread out geographically, championship home sites will reduce travel for one if not both schools.
- D. Allows all playoff participants to have representation on the seeding committee.
- E. A minimum seating capacity will help ensure that all spectators have a place to sit and watch the game and not be turned away.
- F. A minimum seating capacity will help ensure that all spectators have a place to sit and watch the game and not be turned away.

III. FINANCIAL IMPACT:

A6 PLAYOFF FORMAT

In Week 9, the top four teams in the North/Central and Southeast/Southwest will play a cross-over game (1 vs. 4 and 2 vs. 3) to establish eight qualifiers to be placed on the state bracket. The remaining teams not playing in the cross-over games will schedule individually amongst themselves in Week 9. Week 9 cross-over games are not playoff games.

The cross-over game winners will be seeded by a 9-member committee that includes two representatives from each conference (no coaches) and one at-large representative. The committee will be named each year at the August A6 Football Association meeting to be held on the second Tuesday after the start of fall practice.

6-man championship home sites must accommodate a seating capacity equal to twice the maximum enrollment of the respective classification. Example: A6 has an enrollment maximum of $75 \times 2 = 150$, minimum seating capacity.

The final eight teams will be true seeded using the following criteria: overall record, head-to-head, conference record, strength of schedule, strength of conference and record of last five games.

In the event of a tie, the following tie-breaker shall be used:

1. Head to Head Competition (between or amongst all tied teams)
2. Overall Winning Percentage
3. California Playoff

Additional Play: California Playoff Style (if necessary by above)

Situation 1: Three or more tied with two qualifiers or three qualifiers

1. Coin flip to determine "odd team out"
2. A vs. B for one half
3. Winner of 1st half plays C (odd team)
4. Winner of 2nd half is highest seed
5. The loser of the 2nd half is next qualifier; or if the loser of the 2nd half did not face the loser of the 1st half, the teams will play a 3rd half to determine the eliminated team.

Situation 2: Three or more teams tied with one qualifier

1. Coin flip to determine "odd team out"
2. A vs. B for one half
3. Winner of 1st half plays C (odd team)
4. Winner of 2nd half is highest seed

A-8 PLAYOFF FORMAT

In Week 9, the top four teams in each division will play a cross conference game (1s vs. 4s and 2s vs. 3s) to establish four qualifiers from each conference to be placed on a 16-team bracket. Week 9 cross-over games are not playoff games.

The teams will be seeded by a committee that includes one representative from each division (no coaches). All teams will be seeded using the following criteria (in no particular order): overall record, head-to-head, common opponents, and strength of schedule. The selection/seeding committee will separate division opponents in the first round. Geography will be given strong consideration in the first round.

Each team in the Metro conference finishing below Jefferson in the final conference standings, moves up one spot at the conclusion of the season.

FOOTBALL

1A PLAYOFF FORMAT

Each conference will receive two automatic qualifiers. The remaining four qualifiers will be selected by a seeding committee. The following criteria will be used for selection and seeding in no particular order: geography, overall record, conference record, strength of schedule, strength of conference, strength of non-league games and last 5 games played, and head to head competition. Victory points will be the last criteria considered, but will be a contributing factor.

The six conference champions will be guaranteed a first round home game but may be seeded anywhere from 1-16 on the bracket.

1A championship home site must accommodate a seating capacity equal to twice the maximum enrollment of the respective classification. Example: 1A has an enrollment maximum of 300 x 2 = 600, minimum seating capacity.

The selection/seeding committee will consist of one representative from each conference and one additional CHSAA designee. The CHSAA designee will only vote if a tie exists. No coaches or parents of current players may serve on the committee.

2A PLAYOFF FORMAT

Three automatic qualifiers from each of the three (8) team leagues (Western, Tri-Peaks, Patriot) and two automatic qualifiers from the two (6) team leagues (Colorado, Flatirons). The three remaining playoff spots will be filled by the next highest non-automatic qualifiers from any conference based on CHSAA wildcard points.

If Jefferson (2A school, playing league in the 1A Metro) wins the league outright, they would receive an automatic berth in the 2A playoffs and would be seeded somewhere between the 9-16 seed. In this scenario, the last wildcard qualifier in the field would be displaced by Jefferson.

A committee of administrators, one from each conference, will seed the 16 qualifiers. The conference champions will be placed in one of the top eight positions on the bracket. A second place finisher could be placed in one of the top eight seeds and above a conference champion that does not come from their own league. The committee will determine the seeding based on, but in no particular order: overall record, league record, league standing, strength of schedule, strength of conference, strength of non-league games, and record in the last five games. Note: Conference opponents shall not face each other in the first round and the committee shall consider geography an important factor in the first round games.

The higher seeded team shall be the host team in the first round. In subsequent rounds, the team with the fewest number of home games shall be the host. If equal, the following criteria will determine the host:

- If opponents are from the same conference, the school with the higher conference standing in the regular season shall be the host.
- If opponents are not from the same conference, the higher seed shall host.

2A will play a 9 game regular season schedule with playoffs beginning on Week 10.

2A championship home sites must accommodate a seating capacity equal to twice the maximum enrollment of the respective classification. Example: 2A has an enrollment maximum of $599 \times 2 = 1,198$, minimum seating capacity.

2A WILDCARD FORMAT

1. The three wildcard selections will be based on the top three teams with the highest wildcard point totals that did not receive an automatic bid. They may come from any conference.
2. The CHSAA office shall compute the playoff points, making all information available to schools in contention on the Sunday following the end of the regular season. The announcement of the wildcard teams shall be made on the Sunday prior to the beginning of playoffs and shall be official at noon on Monday (unless emergency situations exist). No protest shall be entertained after the deadline unless it involves incorrect information supplied by the qualifying team(s).
3. The number of points a team scores in a game will have no bearing on the wild card point system.
4. Victory Points - Defeat Points:
 - a. Victory points and defeat points are earned for wins and losses in games played and completed by the last Saturday (unless weather causes delays) in the regular season of the classification for which points are being computed based on classification and quality of wins and losses. The regular season is determined by the Colorado football

FOOTBALL

regular season and any games played during that season will count toward wildcard points whether they represent regular season or playoff games in the state in which they are played.

- b. Schools earn victory points for each win and defeat points for each loss, based on the 2A wildcard table.
 - c. Total points will be divided by the number of games a team has played.
5. Enrollment for out-of-state schools will be equated to Colorado classifications.
- d. EXCEPTION: On each schedule, the first scheduled (chronologically) non-classification opponent shall count toward wildcard points for the next highest classification. A first scheduled 1A opponent would count as 2A points for a 2A team.

Examples:

- o School A (which is a 2A school) schedules Schools B (1A), C (2A) and D (2A) in non-conference games. All of those games would be factored based on 2A Wild Card Points.
 - o School E (which is a 2A school) schedules Schools F (2A), G (1A) and H (1A) as non-conference opponents. Under the exception above, School G would be factored as a 2A school, while H would be factored for 1A points.
6. A team that wins because they are awarded a forfeit will count the game as a win for their season record. A team that loses because of a forfeit will count the game as a loss for their season record.
7. a. If a school fails to field a team and does not play one game, each of its scheduled games shall be counted as no contest.
- b. If a school plays at least one game and discontinues its schedule, each of its games scheduled prior to the season shall count as a forfeit and will be computed in the wildcard standings. If a non-conference game is canceled because a team discontinues its schedule, a school may reschedule another game to count in place of the originally scheduled game. If they cannot reschedule the game they will be awarded a forfeit.
- c. All games scheduled after the start of the season must be approved by the Commissioner in order to count in the wildcard standings.
8. Teams playing an opponent twice will receive separate victory and bonus points for each game.

3A PLAYOFF FORMAT

The 7 league champions plus the top remaining wildcard team will receive a top 8 seed (as determined by the seeding committee). Qualifiers 9-16 will be determined by wildcard points and seeded by the seeding committee.

The teams will be seeded by a committee that includes one administrator from each conference (no coaches). The committee will seed using the following criteria (in no particular order): wildcard points, head-to-head, common opponents and geography in the first round.

Conference opponents shall not face each other in the first round. The top eight teams will receive a first round home game.

The top wildcard point team (not league champ) will be seeded on the opposite side of the bracket as their league champ.

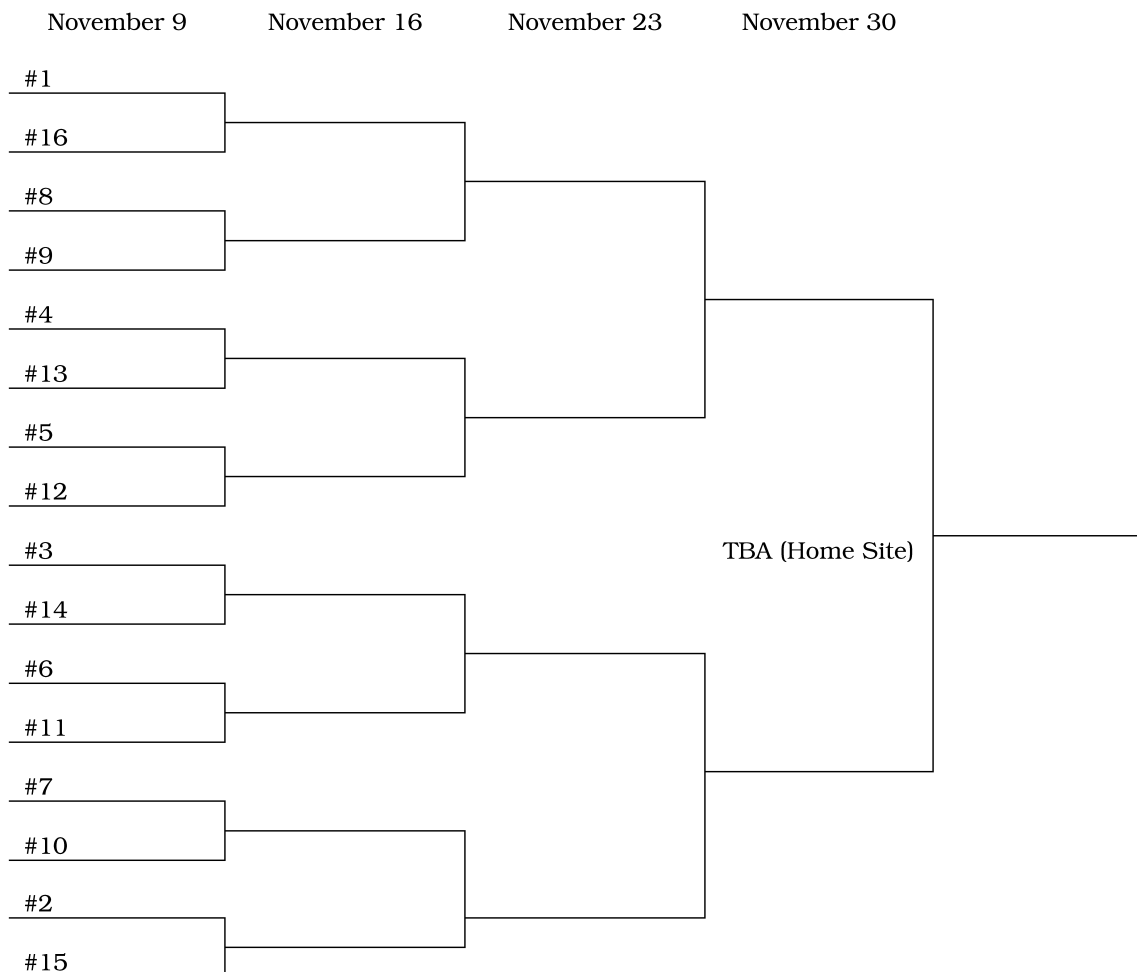

On each schedule, the first scheduled (chronologically) non-classification opponent shall count toward wildcard points for the next highest classification. A first scheduled 2A opponent will count as 3A points for a 3A team.

The 3A championship site must accommodate a seating capacity equal to or greater than 2,500. Playoff schools that cannot accommodate the minimum seating capacity of their classification must designate a regional site prior to their first playoff contest.

FOOTBALL

2013 4A BRACKET

4A PLAYOFF CRITERIA

A committee of administrators (no coaches), one from each conference, and the CHSAA football liaison, will seed the 16 qualifiers. The conference champions are automatic qualifiers (a Southwestern team may be an automatic qualifier if it finishes first, tied for first or second outright in the Southwestern Conference which also has two 5A schools). The top 16 qualifiers will be based on the final CHSAA wildcard standings. If a league champion is not in the top 16 in wildcard points, they will replace the 16th qualifier.

The committee will determine the seeding based on, but in no particular order: wildcard points, head to head, common opponents, overall record, league standing and geography. Conference opponents will not be paired in the first round.

4A semifinal sites must accommodate a seating capacity equal to or greater than 3,500. Playoff schools that cannot accommodate the minimum seating capacity of their classification must designate a regional site prior to their first playoff contest.

FORMAT

1. The CHSAA office shall compute the playoff points, making all information available to schools in contention following Week 7 games.
2. The number of points a team scores in a game will have no bearing on the point system.

3. Victory Points – Defeat Points:
 - a. Victory points and defeat points are earned for wins and losses in games played and completed by the last Saturday (unless weather causes delays) in the regular season of the classification for which points are being computed based on classification and quality of wins and losses. The regular season is determined by the Colorado 10-week 4A regular season and any varsity games played during that season will count toward wildcard points whether they represent regular season or playoff games in the state in which they are played.
 - b. Schools earn victory points for each win and defeat points for each loss, based on the following table:
 - c. Total points will be divided by the number of games played.
 - d. EXCEPTION: On each schedule, the first scheduled (chronologically) non-classification opponent shall count toward wildcard points for the next highest classification. A first scheduled 3A opponent could count as 4A points for a 4A team.

Examples:

- School A (which is a 4A school) schedules Schools B (3A), C (4A) and D (4A) in non-conference games. All of those games would be factored based on 4A Wild Card Points.
 - School E (which is a 4A school) schedules Schools F (5A), G (3A) and H (4A) as non-conference opponents. Under the exception above, School G would be factored as a 4A school, while F would be factored for 5A points.
 - School I (which is a 4A school) schedules Schools J (3A), K (3A) and L (4A) as non-conference opponents. School J would be factored as a 4A school under the exception above and the other two games as their classification dictates.
4. JV opponents will not accumulate points.
 5. Enrollment for out-of-state schools will be equated to Colorado classifications.
 6. A team that wins because it is awarded a forfeit will count the game as a win for its season record. A team that loses because of a forfeit will count the game as a loss for its season record.
 7.
 - a. If a school fails to field a team and does not play one game, each of its scheduled games shall be counted as no contest.
 - b. If a school plays at least one game and discontinues its schedule, each of its games scheduled prior to the season shall count as a forfeit and will be computed in the Wild Card standings. If a non-conference game is canceled because a team discontinues its schedule, a school may reschedule another game during that week to replace the forfeit, or accept the forfeit.
 - c. All games scheduled after the start of the season must be approved by the Commissioner in order to count in the Wild Card standings.
 8. Teams playing an opponent twice will receive separate victory and bonus points for each game.
 9. Any CHSAA-approved Zero Week game shall count as a regular season game and be counted in wildcard points in classes 1A, 2A, 3A, 4A and 5A. The opponent's game with the team and subsequent games in the regular season shall also count toward Wild Card points.

WILDCARD TIE-BREAKING SYSTEM - (all classes except 6-man, 8-man and 1A)

To be used if wildcard teams have the same number of playoff points

Tie Breaker: Head-to-head competition - if three or more teams are tied, head-to-head competition will be used only if one team beats all of the other tied teams. If, after applying Steps 1 and 2 of the tie breaker process, two teams are tied, head-to-head shall be applied. The team(s) with the highest number of Tie-breaker Points shall be awarded the playoff berth(s):

$$\frac{\text{1st Level Points} + \text{2nd Level Points}}{\text{Games Played}} = \text{Tie-Breaker Points}$$

A. Award 1st level points as follows:

5A	4.0 points
4A	3.5 points
3A	3.0 points
2A	2.5 points
1A	2.0 points
A-8	1.5 points

A victory over any team in these classifications is worth that number of points.

B. Award Second Level Points as follows:

If you beat a team, you also receive all of the points they accumulate during the season.

If they beat a 5A team, your school receives 4.0 points

If they beat a 4A team, your school receives 3.5 points, etc.

C. Example:

	2nd Level Points	1st Level <u>Points</u>	
Fairview (4 wins) 3.5, 4.0, 4.0, 4.0	= 15.5	4.0	
Longmont (7 wins) 4.0, 3.5, 3.5, 3.5, 4.0, 3.5, 3.5	= 25.5	3.5	
Rocky Mtn. (4 wins) 3.5, 3.5, 3.5, 4.0	= 14.5	4.0	
Mullen (5 wins) 4.0, 3.5, 4.0, 4.0, 4.0	= 19.5	4.0	
Smoky Hill (1 win) 3.5	= 3.5	4.0	
	78.5	+ 19.5 = 9.8 (TB Pts.)	
		(10 games)

5A QUALIFYING FORMAT

The top 32 qualifiers will be determined by the final CHSAA wildcard standings at the conclusion of the week 9. A committee of administrators (no coaches), one from each conference, will true seed the 32 qualifiers to the bracket with playoffs to begin on Week 10. Additional members may be appointed to the seeding committee at the discretion of the CHSAA football commissioner. The committee will determine the seeding based on, but in no particular order: wildcard points, head to head, common opponents, overall record, league standing and geography. Conference opponents will not be paired in the first round.

Teams 33 – 52 in the final wildcard standings will be matched up in Week 10 by the seeding committee based on geography, competitiveness and avoiding conference opponents (Exception – Southwest Conference).

With the exception of the Southwest Conference, all Week 10 lower levels are expected to match up with Week 10 opponents. At least one level must be at the opposite site of the varsity contest unless mutually agreed upon.

5A semifinal sites must accommodate a seating capacity equal to or greater than 5,000. Playoff schools that cannot accommodate the minimum seating capacity of their classification must designate a regional site prior to their first playoff contest.

2013 5A STATE FOOTBALL BRACKET

FOOTBALL

5A WILDCARD CRITERIA

FORMAT

1. Teams will qualify for wildcard berths based on which team earns the highest number of playoff points.
$$\frac{\text{Victory Points} + \text{Defeat Points}}{\text{Games played}} = \text{Playoff Points}$$
 2. The CHSAA office shall compute the playoff points, making all information available to schools in contention following week 6. The announcement of the wildcard teams shall be made on the Sunday prior to the beginning of playoffs and shall be official at noon on Monday (unless emergency situations exist). No protest shall be entertained after the deadline unless it involves wrong information supplied by the qualifying team.
 3. The number of points a team scores in a game will have no bearing on the point system.
 4. A team with a greater amount of playoff points may jump ahead of a team that has finished higher in conference standings.
 5. Victory Points – Defeat Points:
 - a. Victory points and defeat points are earned for wins and losses in games played and completed by the last Saturday (unless weather causes delays) in the regular season of the classification for which points are being computed based on classification and quality of wins and losses. The regular season is determined by the Colorado 9-week 5A regular season and any varsity games played during that season will count toward Wild Card points whether they represent regular season or playoff games in the state in which they are played.
 - b. Schools earn victory points for each win and defeat points for each loss, based on the table below.
 - c. Total points will be divided by the number of games played.
 - d. EXCEPTION 1: On each 5A schedule, the first scheduled (chronologically) non-classification opponent shall count toward wildcard points for the next highest classification. A first scheduled 4A opponent would count as 5A points for a 5A team.
- Examples:
- School E (which is a 5A school) schedules Schools F (5A), G (4A) and H (4A) as non-conference opponents. Under the exception above, School G would be factored as a 5A school, while H would be factored for 4A points.
 - School I (which is a 5A school) schedules Schools J (3A), K (4A) and L (4A) as non-conference opponents. School J would be factored as a 4A school under the exception above and the other two games as their classification dictates.
6. JV opponents will not accumulate wildcard points.

7. Enrollment for out-of-state schools will be equated to Colorado classifications.
8. A team that wins because it is awarded a forfeit will count the game as a win for its season record. A team that loses because of a forfeit will count the game as a loss for its season record.
9.
 - a. If a school fails to field a team and does not play one game, each of its scheduled games shall be counted as no contest.
 - b. If a school plays at least one game and discontinues its schedule, each of its games scheduled prior to the season shall count as a forfeit and will be computed in the wildcard standings. If a non-conference game is canceled because a team discontinues its schedule, a school may reschedule another game in place of the forfeit, or they may accept the forfeit.
 - c. All games scheduled after the start of the season must be approved by the Commissioner in order to count in the wildcard standings.
10. Teams playing an opponent twice will receive separate victory and bonus points for each game.
11. Any CHSAA-approved Zero-Week game shall count as a regular season game and be counted in wildcard points in classes 2A, 3A, 4A and 5A. The opponent's game with the team and subsequent games in the regular season shall also count toward wildcard points.

WILDCARD TIE-BREAKING SYSTEM - (all classes except 6-man & 8-man) - To be used if wildcard teams have the same number of playoff points

Tie Breaker: Head-to-head competition - if three or more teams are tied, head-to-head competition will be used only if one team beats all of the other tied teams. If after applying Steps 1 and 2 of the tie breaker process, two teams are tied, head-to-head shall be applied. The team(s) with the highest number of Tie-Breaker points, shall be awarded the playoff berth(s):

$$\frac{\text{1st Level Points} + \text{2nd Level Points}}{\text{Games played}} = \text{Tie-breaker Points}$$

A. Award 1st Level Points as Follows:

5A	4.0 points
4A	3.5 points
3A	3.0 points
2A	2.5 points
1A	2.0 points
A-8	1.5 points

A victory over any team in these classifications is worth that number of points.

B. Award Second Level Points as Follows:

If you beat a team, you also receive all of the points they accumulate during the season.

If they beat a 5A team, your school receives 4.0 points

If they beat a 4A team, your school receives 3.5 points, etc.

C. Example:

	2nd Level Points	1st Level <u>Points</u>
Fairview (4 wins) 3.5, 4.0, 4.0, 4.0	= 15.5	4.0
Longmont (7 wins) 4.0, 3.5, 3.5, 3.5, 4.0, 3.5, 3.5	= 25.5	3.5
Rocky Mtn. (4 wins) 3.5, 3.5, 3.5, 4.0	= 14.5	4.0
Mullen (5 wins) 4.0, 3.5, 4.0, 4.0, 4.0	= 19.5	4.0
Smoky Hill (1 win) 3.5	= 3.5	4.0
	78.5	+ 19.5 = 9.8 (TB Pts.) (10 games)

D. Coin Flip

VI. POLICIES (ALL CLASSES):

- A. NO GAMES - conference or non-conference - WILL END IN A TIE. If the game is to be extended, the National Federation tiebreaker method (10-yard line) shall be used.
- B. Ties in conference standings to determine state berths and/or state seeding shall be broken based leagues tie-breakers. Additional games may not be played to break ties.

EXCEPTION: A playoff (involving 2 or more teams) may be conducted in order to break tie(s) in conference standings. However, in no case may a school exceed the 10-game limit as a result of a game to break a tie in the standings. The CHSAA must be notified in writing, by September 1 if a tie is to be broken by additional play.

1. Conferences that break ties in standings without additional play will do so by the conference's adopted tiebreaker system, a copy of the same that must be filed with the CHSAA Office for review by September 1 of each year. In the event a conference does not file a tiebreaker system, it must break ties in the following manner: (Note: If there is a 3 (or more) way tie and one of the teams is removed from the tie, the remaining teams will revert to head-to-head (if possible) to determine which is the higher qualifier.)
 - a. Head-to-head (record against each of the teams involved).
 - b. In conferences or sub-divisions, the conference or sub-division may elect to use inter sub-division results as a factor in the tie-breaking method, after applying 1.
 - c. Record against top team in conference or sub-division.
 - d. Record against next highest common conference opponent above tie.
 - e. Record against next lower common conference opponent below tie.
 - f. Highest number of playoff points in the wildcard Criteria.
 - g. Coin flip by CHSAA Football Commissioner.

FOOTBALL

C. Playoff Times and Sites:

It is the desire of the Association that schools mutually establish game times and dates which best accommodate the interests of each school and community.

NOTE: All mutually established game times and dates are subject to final approval by the CHSAA office. When mutual agreement for the game time and date cannot be reached the following statements will apply:

1. Saturday, 1:00 p.m. and Friday 7:00 p.m. are preferred.
 2. Semifinal games will be played on Saturday, 1:00 p.m. Exception: Semifinal games may be played on Friday, 7:00 p.m. if it is mutually agreed upon by both teams, if there is a facility conflict, or there is a television opportunity.
 3. Thursday playoff games will be allowed through the quarterfinals if mutually agreed upon by both teams. If not agreed upon the preferred game times will be Friday at 7:00 p.m. or Saturday at 1:00 p.m.
 4. When mutual agreement cannot be reached and travel distance is 150 miles or greater, then the game will be played on Saturday. Friday night will be considered a reasonable option if the distance is less than 150 miles.
 5. Both home and visitor will be provided the opportunity to supply input in the scheduling process but more weight shall be given to the home team preference.
 6. Six or seven days rest following the previous game shall be considered adequate and will not be a consideration when establishing the date.
 7. The Commissioner shall have the sole province to designate game times, dates and sites, including weeks when a school district is hosting more than one game.
- d. Stadium Arrangements - The Commissioner (or his designee) has the authority to select the site based on the adequacy of the seating, field conditions, etc. Minimum seating capacities have been established and can be found in the respective playoff format sections.
- e. Playoff games shall not be postponed without the permission of the Commissioner (or his designee).
- f. The Commissioner (or his designee) shall have the authority to select an alternate site in the event of poor playing conditions.
- g. Determining sites for State Football Playoff Games (**ALL CLASSIFICATIONS**) - In the opening round of the state playoffs, the teams with the higher designation (No. 1 higher than No. 2) will host. **EXCEPTION** - In 1A, Conference Champions will host in the first round regardless of seed.

The home team at each subsequent playoff game shall be that team which has had the fewer home games during the state playoffs. If both teams have had an equal number of home games, then:

In Class **A6/A8/1A**, a coin flip will be conducted by the Commissioner to determine home site.

In **CLASS 2A/3A/4A/5A** - the team with the higher designation will host that game. **EXCEPTION:** in 2A, if home playoff games are equal and the match-up involves two league opponents, the team with the higher regular season standing will host regardless of seed.

For bracketing purposes, the team designated on the bracket or by a coin flip shall remain as the designated home team regardless of where the game is played.

Situation 1: Team A is designated the home team by a coin flip, but will not guarantee Team B's expenses. Team B guarantees A's expenses and hosts the game.

Ruling 1: For future site consideration, Team A has played a home game, while team B has been away.

Situation 2: Team A wins the coin flip, but chooses to travel to Team B.

Ruling 2: Team A has been home; Team B has been away.

Situation 3: Team A, designated as the home team, cannot meet the seating requirements and plays the game at Team B's field.

Ruling 3: Team A has been at home; Team B has been away.

Situation 4: Teams A and B agree to play at a neutral site.

Ruling 4: Home and visiting team must still be designated based on the criteria above.

- h. State playoff officials for all classifications will be assigned by the CHSAA office.
- i. For all playoff contests, there will be an exchange of the most recent two complete digitals. If one school films/videos and the other school does not, the upcoming opponent may secure a film from a previous opponent so that an exchange of digitals can be completed. The exchange must be consummated by 12:00 noon on Monday preceding the next contest. If distance is a factor, schools must use overnight mail to insure meeting the deadline.
- j. A field to be used for any playoff game must have a field clock, or an extra official shall be hired in order that official time may be kept on the field by officials.
- k. Five-man official crews will be used in all state playoff contests for football.
- l. Regulation field for A8-Man is 40 x 100 yards with 15-yard side zones.
- m. Mercy Rule:
In classes A8, 1A, 2A, 3A, 4A and 5A and at all levels (all conference and non-conference games), when a 40-point differential exists at any time during the game a running clock shall be used for the remainder of the game regardless of whether the score drops back below the mercy rule differential. (In A6, the margin is 45 points). See the following procedures below:

FOOTBALL

The clock will not be stopped when:

1. The ball goes out-of-bounds.
2. A forward pass is incomplete.
3. A score or touchback occurs.
4. A fair catch is made or awarded.

The clock will be stopped when:

1. The period ends.
2. Charged or injury time out.

The mercy rule will not be used in any live televised championship games.

n. Equal Facilities (Field Phone)

If telephone facilities for both teams are provided as a standard practice (during the regular season) at a playoff site, then the same number of telephone facilities must be provided for both teams. This number must stay consistent throughout the contest. If one set of phones becomes inoperable during the contest, then neither team may use the phones initially provided. Teams are permitted to bring their own set of phones to a contest. These phones will be considered "extra" and are not under the procedure as outlined above.

The responsibility for notifying both teams of phone problems should belong to the referee.

If a school does not provide phone facilities to both teams as a standard practice (during the regular season), then it is up to each team, home or away, to provide its own phones. The home team will not be required to provide phones to the visiting team if it is not done during the regular season.

o. Warm-up Time

A minimum of 45 minutes should be allowed for each team for pre-game warm-up.

VII. INFORMATIONAL ITEMS

A. State Association Adoptions

The NFHS rulebook (Table 1-7, pg 23) delegate's authority to the state associations for certain rules. The following shall apply in Colorado:

1-1-4 Note Determining the number of game officials – A6 = 4, A8 = 4 (5 preferred); 1A-5A=5.

1-3-2 Note Mandating specific ball for playoff competition – Any NFHS approved ball with logo except championship games will use a Wilson ball.

1-3-7 Use of supplementary equipment – Authorized.

1-5-1c4 Note Commemorative Patches – Must be requested of CHSAA on a case-by-case basis.

1-5-2d Use of artificial limbs – Authorized.

1-5-3b Note 1 Use of drum for deaf teams – Authorized.

1-5-3b Note 2 Use of device to enhance a required hearing aid – Authorized.

3-1-1 Procedure to resolve ties- NFHS overtime procedure (p.83-86 of Rules Book).

3-1-2 Mercy Rule – Running clock procedures are on p. 9 of this handbook

3-1-4 Continuation of interrupted games – Subject to league policy.

3-1-5 Note 2 Length of halftime intermission – Subject to league policy.

3-2-1 Determining when coin toss is held – Subject to league policy.

3-5-7L TV/radio timeouts are authorized when a game is broadcast.

8-3-1 Exc & OT 5-1-1- If a touchdown is scored during the last down of the fourth period or in overtime. The try is not attempted unless the point(s) would affect the outcome of the game.

Rule 1 Size of A6 and A8 fields – 100 yards for 8-man; 80 yards for 6-man (p.93-94 of Rules Book).

- B. The CHSAA Football Advisory Committee strongly recommends that each field add a zone of two or more yards off the sideline to be used as a restraining line to maintain a clear area for players and officials along the sideline. The zone will be marked with hash marks and would extend to two yards in back of the end zone line and extended across the back of the end zone. A diagram of the suggested safety zone is in the CHSAA Football Bulletin.
- C. The CHSAA Football Advisory Committee reminds schools that in the case of extreme travel, teams can elect to establish a site more conducive to that travel for a playoff game. This does not, however, alleviate the home school of its responsibility as host.
- D. The Wilson football has been the designated ball for the CHSAA playoffs and must be used in all playoff games.
- E. Class 5A established that in Week 10, the schools matching up in the playoffs and those paired up for a Week 10 regular season game will match up lower levels, except for the Southwestern Conference schools.
- F. It is strongly encouraged that leagues do not use a point differential as a tie-breaker in league standings. Having point differentials as part of the criteria has created hard feelings and unsporting acts, due to late scoring attempts in order to reach the maximum point differentials.
- G. P. A. announcers shall remain neutral.

GOLF

I. MAJOR CHANGES/RECOMMENDATIONS FROM LAST YEAR'S REPORT:

- A. Starting in the fall, 2013, 1. 5A Girls and Boys leagues, regardless of size, will submit, at least one week before the start of the regional tournament week, the rank seeding of schools in the league; 2. There will be four (4) regional tournament sites: Southern, Central, Northern, and Western; 3. Regional tournament sites and hosts will be assigned prior to the start of each season; 4. The placement of seeded teams is listed below under the 5A classification qualifying format.

There will be 84 qualifying golfers. Each region will qualify 13 individual qualifiers and 2 full teams, where the 4th qualifying team player must be within 10 strokes of the 13th qualifying player.

It is recommended that the Western Region, when played in Grand Junction, be scheduled on Monday.

During the regular and postseason, slacks, shorts, or skirts must have a hemline no shorter than the student's fingertips when their arms are down by their side.

- B. If the player is not in compliance when she appears for her tee time, the starter can have the player change or be disqualified. Coaches are responsible for their girls' playing attire.
- C. The spectator policy was revised to address consequences to players and spectators for inappropriate behavior and rules violations by parents and spectators.

II. RATIONALE:

- A. There were two similar proposals submitted by EMAC and Continental leagues for changing the qualifying process for regionals. Change in the process has been a topic of discussion for a decade. The format is most amenable to 5A schools because of their geographic proximity. The process will provide greater equity among qualifiers.
- B. The decorum expectation of the sport requires adherence to a dress code.
- C. Instances during 2012 of inappropriate spectator behavior and fan contact required a revision to the spectator policy.

III. FINANCIAL IMPACT:

- A. There is financial impact to those teams traveling to the Western Region. The placement process is designed to insure that different teams travel to the Western Region each year.
- B. No impact
- C. No impact

IV. DATES, SITES:

Rules of Thumb for Setting State Championship Dates:

V. QUALIFYING FORMAT AND REGIONAL ASSIGNMENTS:

- A. Girls' and Boys' Golf Qualifying:

1. **Qualifying Formats**

- a. Classification: 3A: 1-600; 4A: 601-1410

1. State Qualifiers. 84 for 3A and 4A, golfers qualify to the state championship tournament; 84 for 4A girls' golfers qualify to the state championship tournament.
2. Number of Qualifiers from each Region.
A proportionate number of golfers would qualify from each region
 $84 \div \text{the total entrants in each classification times the number regional tournament golfers.}$
3. Qualifying Teams.
The number of boys' teams that qualify from each region will be determined by dividing the number of teams in the region by 10 and rounding up for decimals .5 or greater. One full girls' team will qualify from each region.

The highest scoring member of a team that qualifies as a team must score 10 strokes or less from that of the last individual qualifier in order to qualify with his team. If the highest scoring member of the team(s) that qualifies is more than 10 strokes from the last individual qualifier's score, the 4th team member will be dropped and replaced by the next highest individual from that regional. Then this team will compete for team points as a 3-member team.

Each region will be made up of schools based on the league finish format listed above. The Southern region listing of finishes will stay the same but rotate to the Central region column for 2014, to the Northern region column for 2015, to the Western region column for 2016. All other region listings will rotate in a similar manner. The deadline for the submission of league finishes is September 11, 2013. Each region will have two automatic team qualifiers and thirteen individuals not on a team. A league or league school is responsible for hosting the regional tournament as noted on the regional template. It is recommended that an intra-league rotation of hosts schools be set-up and filed with the CHSAA Golf Commissioner.

The CGA and CWGA will staff each regional with rules' officials. If CGA or CWGA staff person is onsite, they will be in charge of the reception of scorecards. An observer is still required to follow each playing group.

The League hosting rotation is shown below. Each League will develop an individual hosting school rotation.

2013-2014, 2015-2016 (odd years), etc. – CSML, Continental, Front Range.

2014-2015, 2016-2017 (even years), etc. – Centennial, Denver, EMAC

2013-2014, 2014-2015, 2016—2017, 2017-2018, etc. Jeffco (two year in succession)

2015-2016, 2018-2019, etc. Southwestern (every three years)

VI. **POLICIES (Boys & Girls):**

- A. No more than two CHSAA registered coaches may coach anytime during the players' round except when the player has reached the green to tee putt.
- B. Schools that qualify three golfers as individuals to the state tournament may compete as a team, but no substitutions can be made for these golfers because in actuality their status is that of individual qualifiers.
- C. The CGA and CWGA will attempt to provide rules officials for all regional and state tournaments and will be on call to assist with the new sanctioned events.
- D. All competitors must wear a golf-type shirt with a collar and sleeves (no sleeves required for girls). A mock-turtle neck shirt can be worn in lieu of a collared shirt. School identification must be on the shirt.
- E. Competitors may wear tailored shorts or slacks in all events, but they must be of the dress variety. Denim blue jeans, cutoffs, spandex, physical education or running shorts, or short shorts will not be allowed. Girl's shorts must be no more than 5" above the knee OR the inseam of the shorts must measure at least 5
- F. Golfers may not use caddies or motorized carts. Noisemakers, radios, electronic devices, such as cell phones and i-pods, are not allowed. A range finder device used for measuring distances only may be used. Players may share a range finder device. Players will follow the CHSAA Code of Ethics as it relates to the non-use of chemicals, alcohol, tobacco and other mood-altering substances. They will also be expected to follow the highest standards of sporting behavior; gambling, club throwing, and the use of abusive language will not be tolerated.
- G. Any negative sporting behavior will be dealt with in the following manner during a meet:
 - First Offense - a warning will be given
 - Second Offense - disqualification from the event
 - NOTE: Any act deemed to be flagrant could result in an immediate disqualification.
- H. This is a team competition with a concurrent individual competition. Should a golfer incur a penalty of disqualification for breach of the USGA Rules of Golf, it will affect his/her participation as follows:
 - 1. If a member of a team: The golfer qualified as a member of a team. The team competition counts the best three scores each day. A golfer disqualification is for the 18-hole round where the disqualification penalty occurred. It does not disqualify him/her from playing and contributing to the team score in a

subsequent 18-hole round. He/she is, however, disqualified from individual recognition.

- I. Coaching/Advising is allowed on the course as per Item A. Giving information is not considered advising or coaching. Violators shall be ejected from the course grounds.
- J. Regional tournaments may use the team wave format as an alternative method of pairing golfers.
- K. The CHSAA supports and encourages team play in golf.
- L. The 4th qualifying golfer on a team within 10 strokes of the last qualifying individual golfer is part of team concept advocated by the CHSAA in all its sports and activities.
- M. Tournament directors are encouraged to contact the CGA to get advice on controlling pace of play. The CGA will help setup the course. Note that coaches are not to collect score cards.
- N. Back up dates for regional must be secured.
- O. No coach shall have a cart at the state tournament. All coaches must walk. A shuttle service may be provided on each nine of the state tournament.

VII. 2013-14 RECOMMENDATIONS/POINTS OF EMPHASIS (Boys & Girls):

- A. In the continued interest of growing girls' golf school districts should make every effort to form separate school golf programs.
- B. Regional and state tournament directors must have adequate forecaddies and other volunteers.
- C. During both the regular and playoff season, golf coaches should coach and supervise his or her golf team while on the course. Tournament directors should create duties for coaches during the event who are not coaching their golfers. The golf committee strongly recommends against coaches playing a round of golf at high school matches and tournaments, unless it is a coaching exercise with his or her players.
- D. Regional directors should rank order teams by the total score of three of the four golfers received prior to the regional tournament and then set tee times using the wave format.
- E. Regional tournament directors must list two alternates. The determination of the rank order of these spots must be played off on the course.
- F. Standards of integrity and the rules of game will be addressed at all levels for all tournament play during both the regular and playoff season. Because golf etiquette is second nature to the sport of golf, a "care of the course" effort should be the concluding activity of every tournament. A hole should be assigned to each team and all divots replaced or filled in with sand and all pitch marks on the green repaired.
- G. Coach should ask the PGA professional at the site of where the team practices and plays so he or she can conduct an etiquette seminar and rules seminar for the golf team(s).
- H. Communication of state course set-up changes must be made by the Sunday coaches' meeting.
- I. Courses selected for a state championship must work diligently to make the event the best possible and should include a dinner with a notable keynote speaker who can provide inspiration and congratulations to the participants and coaches.
- J. Regional directors should make every effort to assign a CGA/CWGA official to their event. The CGA/CWGA official, if assigned, must be a part of the tournament rules committee. Regional directors must follow the recipe for running a championship event.
- K. At all mandatory rules meetings, the CGA/CWGA will provide all golf coaches with enough rules books for their teams. All golfers should have a rule book. The Golf Committee strongly recommends that all golf coaches and players take the USGA online rules test prior to the start of the season.
- L. All regions should have a written plan of the rotation of schools hosting the regional tournament.

GOLF

- M. Hosts of championship events should plan a dinner to attract all coaches to the rules meeting. The dinners engender good will and camaraderie.
- N. State tournament sites should have adequate banquet facilities to service golfers making the turn without significant delays.
- O. An alternate will be allowed to play in the state championship only if to replace a scratched state qualifier from the alternate's regional tournament. A second alternate will be allowed to play only if the first alternate agreed to scratch or was already placed in the tournament.
- P. Media coverage of the sport of golf is essential. Those persons in charge of league statistics and tournament scoring results should be in constant contact with newspapers in their area.

Mountain Vista (2018)		Kent Denver (430)	

Each Conference will be responsible for their regular season schedules. Teams will play each school in their conference. The second game played against a conference opponent (if applicable) will be considered the conference game unless otherwise noted before October 14, 2013. Games must be scheduled with teams in the opposite conference. Games will be played on a two-year cycle with reverse home and away. The Committee

ICE HOCKEY

unanimously approved the following: During the mandatory head coach/officials meeting that is written in the NFHS Ice Hockey Rules Book: (NFHS) To take place 30 minutes prior to the beginning of each contest is preferred, the committee has allowed the meeting to take place 15 minutes prior to the teams taking the ice. The committee also approved that one ice-make (between the 1st and 2nd periods) can be eliminated if both coaches mutually agree it is in the best interest of the contest. This should help in some rinks to keep games starting on the scheduled time.

- A designated conference liaison will forward the final conference top 8 team final standings to CHSAA on Sunday, prior to 1st and 2nd rounds for placement on the pre-determined bracket.
- Teams are placed on the bracket based on final Pointstreak conference standings.
- For the first round of the play-offs top eight from each conference will be placed on bracket by cross conference pre-determined seeds. 1's play 8's; 2's play 7's; 3's play 6's; 4's play 5's.
- First and second seeds in both conferences are guaranteed a host site. All teams must secure ice in the event that they are the playoff host.
- Teams will not be re-seeded after placement on bracket.
- Higher seeded teams following the 2nd round will be designated home team for semi-finals and final games.
- If the State Championship teams appear on the bracket and have the identical ranking in the bracket seeding, a coin toss will take place before the Championship game to determine the home team.

VI. INFORMATIONAL ITEMS:

- A. All team members including back-up goalies must be designated on Pointstreak to meet game minimum.
- B. All teams that qualify for the playoff bracket must submit an Ice Hockey Roster Form and Ice Hockey Waiver Form (if applicable) on the Tuesday prior to the first round of the beginning of the playoffs.
- C. A student who transfers schools over the summer without a bona fide family move will have restricted eligibility for the first 50% of the regular season and may have varsity eligibility during the second 50% of the regular season under the conditions of 1800.2 and 1800.3. The transfer student then must appear on the Pointstreak roster in 8 of remaining 10 games that he/she is eligible to participate. An Ice Hockey Waiver Form must be submitted for the student/athlete that transfers schools over the summer without a bona fide family move documenting the transfer. The student/athlete must also be present for practice sessions and games during the 50% restricted eligibility period.
- D. A one-page checklist for Pointstreak scorers will be printed in the Ice Hockey Bulletin and training for Pointstreak official game scorers can be completed on-line.
- E. CHOA report: 90 officials registered with CHOA this year, and increase of officials from the prior year. Bob Keltie listed the pros and cons of each of the officiating systems that are approved by NFHS and would recommend the 1-Referee/2-Assistant Referees system for regular season play. There was also a proposal for the use of the 2-Referees/2-Linesmen system and this proposal was approved by the Ice Hockey Committee for all of the bracket playoff games. The 2-Referee/2Linesmen system can be utilized during Regular Season games. For all Playoff Games, the 2-Referee/2Linesmen system will be utilized at all sites. Referees will hold a mandatory meeting with the head coaches preferably 30 minutes prior to the start of each scheduled game (The meeting can take place at 15 minutes prior to the beginning of the game if it is mutually agreed upon). The meeting will take place outside the official's dressing room. The CHOA President also discussed the closing of the games

on Pointstreak and the fall coaching clinic. The CHOA will recommend the following State Adopted Rules:

- Game misconducts result in a game suspension
- 15 or more penalties result in a game suspension for the coach
- 5 Penalties on a Player – Any player who incurs five penalties shall be assessed a Game Misconduct penalty and WILL serve an additional one-game suspension.
- Post-Game 10-minute Misconduct penalties are served at the beginning of the next game
- Mercy Rule - 6 Goal differential results in a running clock
- Rosters - 25 Players on the Game Rosters – Back-up Goalies have to be listed on Pointstreak
- Shooting the puck toward the sideboards and glass in the neutral ice area during pre-game warm-up is prohibited.
- Playoffs – A 4-person officiating system will be utilized beginning in the first round of the playoffs until the conclusion of the State Championship game.

GIRLS' LACROSSE PLAYOFF BRACKET 2013-2014

The top two teams per conference (excluding the Mountain Conference, who has 1 qualifier) are guaranteed a spot on the bracket. The remaining nine teams will be selected and placed on the bracket using the seeding system seen below. All conference champions (excluding the Mountain Conference) are guaranteed a 2nd round home game. The Mountain Conference will not be seeded lower than 13th, but may be seeded higher.

Teams will be placed on the bracket based on their records against division opponents and subsequent finish within each division. A point total for each team to determine division standing and bracket placement will be applied: 2 points for a win; 1 point for an OT loss; 0 points for a loss. After the top two teams from each conference (excluding the Mountain Conference, which has 1 qualifier) are determined, the following seeding/selection criteria will be used.

Division ties and bracket placement will be resolved using the CHSAA Lacrosse Tie-breaker.

Seeding/Selection Criteria

- Conference/league standings (note: a team cannot be seeded ahead of a league team which finished higher in league standings).
- Coaches poll
- Head-to-head results/common opponents/overall record
- Committee decision

The seeding committee will be composed of the CHSAA Lacrosse Committee Chairperson, the President of the Women's Lacrosse Coaches Association and one representative from each league/conference (each league/conference will determine their representative).

VII. GIRLS' POLICIES:

- Game time - Varsity: two 25-minute halves - stopped clock - 5 minute half-time
Sub-varsity: two 25-minute halves - running clock - stopped clock with 2:00 minutes remaining in half.
- No game will end in a tie. The NFHS tiebreaking procedure will be used for all regular season and playoff games.
- Once play begins the umpires shall have the authority to interrupt or suspend the game due to dangerous weather or field conditions. The umpire's decision is final. A game is considered legal and complete if 80% of playing time has elapsed. If a suspended game (one in which less than 80% of playing time has elapsed) is replayed on another day, it must be played from the beginning. An interrupted game continued on the same day shall be restarted from its point of interruption.
- Schools must declare a varsity team by September 1 in order to be included in league scheduled play and playoff berths.

VIII. BOYS' POLICIES:

- A. Game time - Four - 12 minute quarters - stopped clock
- B. The penalty system requires removal of the violator for a specified period of time, with the team playing short handed.
- C. No game will end in a tie. If tied at the end of regulation, there will be a 2-minute break followed by a 4-minute sudden death overtime period. This will continue until the tie is resolved.
- D. Interrupted games will be continued from the point of interruption.
- E. Home team in all rounds will be the highest seeded team.
- F. Schools must declare a varsity team by September 1 in order to be included in league scheduled play and playoff berths.

IX. CONFERENCE STANDINGS AND TIE-BREAKER – BOYS & GIRLS:

- A. Conference standings and tie-breaker:
 - 1. When teams are placed on the bracket it is based on their finish within the conferences. Conference games will determine conference standings. A point total will be determined from the following: 2 points for a win; 1 point for an OT loss; 0 points for a loss.
 - 2. Ties in conference standings will be resolved using the following conference procedures.

Tie Breaker for Seeding Based On Division Play Only

- A. Head-to-head competition will be the first tie-breaker for teams with equal point total.
- B. If the division game between two tied teams resulted in a tie, the tie will be broken by examining each team's record against the highest ranked team in their division. If the tie is still unbroken, then the process would continue with the #2 seed and so forth until one team has beaten a common opponent and the other has not. *Example: Team X and Team Z are tied for 3rd place with equal point totals and the game between X and Z resulted in a tie. Team Z beat the #1 seed in their division and Team X did not, so Team Z would be the #3 seed and Team X would be the #4 seed.*
- C. If 2 or more teams have the same point total, the tie will be broken by the following procedure:
 - 1. Point totals against only the tied teams. The remaining tied teams would revert back to #A above and proceed through the steps listed until the tie is broken. *Example: If Team A beat both B and C, their point total would be 4. If Team B beat C, but lost to A, their point total would be 2. Team C would have 0 points. In this example, Team A would be the highest seed. B and C would revert back to #A above to be seeded.*

LACROSSE

2. If the tie remains unbroken, the process described in #B above would be implemented until one team is seeded. The remaining tied teams would revert back to #A above and proceed through the steps listed until the tie is broken. *Example: If A, B and C all lost to the #1 seed, but B beat the #2 seed while A and C lost, B would be the highest seed among the tied teams. A and C would revert back to #A above to be seeded.*
- D. If the tie remains unbroken, the highest seed will be the team(s) which gave up the fewest goals in conference games between the tied teams. The remaining tied teams (if necessary) would revert back to #A above and proceed through the steps listed until the tie is broken. *Example: If A, B and C are still tied. "A" gave up 2 goals when playing B and 3 goals when playing C for a total of 5 goals scored against. "B" had a total of 4 goals scored against and "C" a total of 6 goals scored against. "B" would be the highest seed among the tied teams. A & C would revert back to #A above to be seeded.*
- E. If the tie remains unbroken, the highest seed will be the team, which gave up the fewest goals in their game against the highest seeded conference opponent. If unbroken, the goals given up against the next highest league opponent would break the tie proceeding through as many conference teams as necessary to break the tie. The remaining tied teams would revert back to #A above and proceed through the steps listed until the tie is broken.
- F. If the tie remains unbroken, a coin flip will identify one team as the highest seed among the tied teams. The remaining tied teams would revert back to #A above and proceed through the steps listed until the tie is broken.

If your school is unable to host a festival within the parameters set forth in this report, it is your school's responsibility to find a replacement. If you would like to be taken off of the rotation completely, please contact the CHSAA Music Committee.

OFFICIALS FEES

IV. OTHER ITEMS FOR BOARD OF CONTROL ACTION:

- A. Tournament Fees - During regular season play, leagues and schools have the option to establish tournament fees with officials groups unless specified elsewhere in the above fee schedule. Those fees must be stated on contracts sent to officials prior to the tournament.

- B. 1. Mileage – 40 cents per mile. **Exception** see note 1 that follows: Note 1: The Confluence (except Campion); The 5280 (except Gilpin County); The Colorado 7(except Fort Lupton, Elizabeth, Fort Morgan, Weld Central); The Jefferson County (except Conifer & Evergreen), Denver, Continental, East Metro, Front Range (except Fort Collins, Loveland, Poudre and Rocky Mountain), Frontier (except Bennett, Clear Creek, Lake County, Middle Park and Platte Canyon), Metropolitan, and Centennial leagues and Broomfield, Denver Academy, Denver Christian, and Valor will not pay mileage between league cities, but will pay a mileage travel stipend of \$2 to each official between league cities per day of assignments. Colorado Springs schools will pay mileage travel stipend of \$2 per day of assignments to officials selected from the Colorado Springs Officials' Association. An official that is assigned to two or more contests at a given site on the same day shall be paid one travel stipend or reimbursement.

2. Only ONE driver will be paid the mileage reimbursement for each contest. It will be paid to the official on the crew who travels the farthest. Issues with multiple drivers must be solved between the officials and the assignor prior to the game.

3. In lieu of per diem, a rider fee of \$10 is paid to officials, non-drivers only, who are riding on trips of 75 miles or more one-way.

4. It is recommended that, during the regular season only, assigners assign officials to a contest whose travel miles to a school is less than or equal to 75 miles round trip, thus resulting in a payment of no more than \$30 for travel. If an official travels miles more than 75 miles round trip the official should be paid at the \$.40/mile rate as listed above unless other arrangements are made with the officials by the school.

C. Individual Mileage Buffer

No mileage will be paid to an official whose town of residence is 20 miles or closer to the host school. Full mileage (including first 20 miles) will be paid to officials who travel over 20 miles. This does not apply to the metro area officials described above that receive the \$2 travel stipend.

D. Priorities

When a site or date change occurs, the officials originally assigned should be given the first chance to work the rescheduled game.

F. "No-Show"

1. In all other sports, when one official is a "no-show", the other officials working the contest shall split 50% of the extra check. (Not to exceed 50% of standard fee).

2. Guidelines for "No-Shows"

Officials Associations must have on file with CHSAA a copy of their constitutions, rules, and by-laws that outline their disciplinary procedures for dealing with no shows as well as other CHSAA expectations. Schools should contact the CHSAA office and identify the officials so that the local officials associations can take action. Leagues and schools are encouraged to develop procedures for use in these situations as well.

G. One Official Worked Contest for Volleyball

- H. A single assigned or single self-assigned official to a contest will receive the posted single game fee. Exception: A Volleyball V/JV solo official shall be paid the single rate game fee and a half. Soph/Fresh shall be paid the single rate game fee.

I. Good Faith

When a school has made a good faith effort to contact an official of a postponement or overbooking, no fee shall be paid to any official. That same official shall have the first opportunity to work the canceled contest. When an effort to contact an official of overbooking or cancellation has not been made prior to the time an official has left to work the contest, 50% of standard fee plus any travel allowance due will be paid to an official who shows up to officiate the contest. Once a game or match is started, the official is entitled to the entire game or match fee. If a game is postponed, the same or new officials will be paid an entire game or match fee.

V. **INFORMATIONAL ITEMS:**

- A. In an effort to be eco-friendly and cost effective, it is expected that officials carpool to assigned contests.
- B. Schools and/or their contracted assigners should pay officials within 30 days of the assigned contest. Timely payments are key factor in the retention of officials.
- C. Because studies show that there is a direct correlation between good sporting behavior and the retention of officials, the Officials' Fees Committee values and appreciates the work of the Sportsmanship Committee to address their needs and encourage the CHSAA membership to continue to make reality the philosophy and recommendations of the Sportsmanship Committee.
- D. When a dual wrestling tournament is held and less than the prescribed number of matches is scheduled, schools and officials should negotiate a lesser fee. Please refer to the wrestling fee structure.
- E. A certified track and field official should be contracted and paid to run a cross country event.
- F. Emphasis: Please note schools, districts, and leagues have the authority to choose to use the minimum number of officials as designated by each sport.
- G. The committee would like to commend the officials associations for their efforts in regard to the training of new and veteran officials as well as their continued efforts to improve the overall quality of officiating. The assessment and evaluation processes established have generated a positive learning environment within each organization. However, the committee strongly urges the officials associations to step up their efforts to recruit new officials.
- H. National surveys of high school sport's officiating fees show that most states pay increased game fees for post-season contests. The committee encourages the CHSAA Budget Committee to consider increases for post-season contests in sports that won't impact member school reimbursements.
- I. Emphasis: Prior to a contest, an official does not have the authority to cancel, postpone, or forfeit an event. Officials, coaches, and game administrators should all be involved in these decisions.
- J. Many local area assigners use the Arbiter online software to conduct assigning business. This service is a part of the CHSAA Official Liaison Budget. The CHSAA would encourage its use by all member schools.

OFFICIALS FEES

VI. RECOMMENDATIONS:

- A. When there is any change in the assignment of a contest, the home school or assigner should make every effort to contact the officials. Sports officials associations must encourage their officials to always communicate travel arrangements with each other prior to each contest.
- B. School coaches and administrators can assist with recruiting new officials. Promote the avocation to your local faculty, players, and student body.
- C. Schools should be thorough in the scheduling of events, prior to the assigning of officials, so not to create the potential for a breach of contract with an assigned officiating crew.
- D. In situations where no officials show up for a contest, school representatives are encouraged to explore as many options as possible to play the contest, including using non-registered officials. All factors must be considered in making the decision to play the contest. Under these circumstances, the decision to play the contest should be by mutual consent of the schools involved. When this happens, the CHSAA should be contacted, prior to the contest if possible.
- E. Although national studies show that three person basketball crews for varsity games, both boys and girls, result in a better officiated and managed game, they were created to prolong the officiating lives of the many of our very competent officials in the International Association of Approved Basketball Officials, Colorado's basketball officials association. The game is fast and requires quick movements, stops, and turns that produces wear and tear on the body of the official. Over the long haul of the season, there are less injuries and mental burn-out by officials. Though you may feel that it is an easy way to cut expense, know that a reduction in officials on a game will affect the availability of quality officials.

VI. INFORMATIONAL ITEMS:

- A. Alpine coaches that submit late or incorrect race entries during the regular season and post season will be responsible for a fine (1st - \$20, 2nd - \$40, 3rd - \$60). This fine must be paid prior to participating at the State Championships.
- B. CHSAA allows the use of single pole GS gates as this aligns with USSA and FIS rules.
- C. In Alpine, DQ's will be listed after both genders have completed their 1st run of the day. Once posted, coaches will have 15 minutes to protest.
- D. Helmets designed and manufactured for the particular discipline of ski racing being contested are required for all competitors and forerunners in all events and official training. Telemark skiers who are racing must comply with the hard sided helmet rule.
- E. Bibs are the responsibility of the participant. If an individual shows up to a race without their bib, they will not be able to participate. If the bib is completely lost, it's up to the school to obtain a permanent replacement for this individual.
- F. Alpine races must be set to regulation specifications and courses set separately for each gender for regular season and state championships.
- G. Modifications were made to the league schedule to eliminate as much travel and lost school times as possible.
- H. The CHSAA Fall League Meeting will be the first Friday in October (October 6th) at Summit High School. This will be used to finalize the regular season schedule and logistics.

SOCCER

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. During the regular season: If the match is tied at the end of the regulation time, (2) 10 minute sudden victory overtime periods will be played. Shoot-outs or penalty kicks may not be used to determine winners in regular season games (unless the contests are part of a CHSAA Sanctioned Tournament). If the tie is not broken after the (2) 10 minute sudden victory overtime periods, the game will be recorded as a tie. (Beginning in the fall of 2013)

II. RATIONALE:

- A. This would enable teams to play an additional 5 minutes per overtime period during regular season play to determine a winner. The additional time will be preparing teams for the tie-breaker procedure utilized during the playoff format. This is an accepted practice by the NHFS Soccer Rules Book. (Rule 7 Section 3)

STATE TOURNAMENT

Home Sites

In the 4A, and 5A classifications the higher seeded team will be the home team throughout, and will host the 1st round, 2nd round and quarterfinal round matches. The higher seed in all classifications will be designated as the home team in semifinal and final matches.

In 3A, the top eight (8) seeded teams recognized by the seeding/pairing committee will host the first and second rounds of play on the first weekend of the playoff bracket. The host sites will be at central locations and those sites will be identified by the seeding/pairing committee. During the quarterfinal matches, the host site will be listed by the highest seeded team following the completion of the second round play. The higher seeded team will be the home team throughout the playoffs.

It is preferred by the CHSAA that quarterfinal post-season host sites follow all CHSAA playoff requirements included by not limited to admission and all other amenities of a championship game, including bleacher seating and a secure playing field for players, coaches and officials.

One representative (administrator) for each 3A region, and 4A and 5A league will be assigned to be seated on the seeding/pairing committee. The assignments to serve on the seeding/pairing committee will be submitted to the CHSAA office by league presidents and approved the CHSAA office. Also seated on the committee as non-voting members will be:

- The President of the Colorado Coaches Association
- The CHSSCA league poll director
- The CHSSCA league poll assistant
- One non-voting representative from the CHSAA office

In all classifications, the following seeding/pairing process will be used:

- Each region will receive automatic qualifiers equaling no more than 40% of the number of teams in the region. In the case that the percentage of teams results in a non-whole number the number of qualifiers will be truncated to the nearest whole number. (Example $3.6 = 3$). All regions are guaranteed a minimum of the one automatic qualifier.
- The league poll is sent to all coaches in each classification including the independent school (Valor Christian) and schools that participate in multi-class leagues (Mullen and Ponderosa). This information will be compiled by a league representative. The compilation ranking is then sent to the CHSAA and the overall compilation of all regional/league voting, along with Valor Christian, Mullen and Ponderosa voting by the 3 team group.

- At large teams will be selected using the following resources (in no particular order): MaxPreps Ranking, league poll, head-to-head results, and common opponents. Geography in the first round matches will be given consideration by the seeding/pairing committee.
- The committee shall attempt to pair teams with the shortest possible distance between the teams in the first round. The committee will look at the potential second round pairings travel due to rounds being scheduled on the calendar within the span of a week.
- If possible, the committee will attempt not pair teams in the first round that played each other during the league season.
- In 3A, the top eight (8) seeded teams voted on by the seeding/pairing committee will host the first and second round games during the same weekend at a central location.

SPECIAL SEEDING NOTE: The committee shall not be bound by the above criteria when placing the number 25 through 32 seeds. The committee shall pair these teams with geography taking primary priority. Teams 25-32 may be paired against a team from their region/conference or another team they have played earlier in the season.

Post Season Dates – Times

CHSAA will establish match dates. It is the desire of the CHSAA that schools mutually establish match times that best accommodate the interests of each school and community. Schools must take into account the conditions in which the match will be played and make the best decision to accommodate the schools involved. The CHSAA will not mandate schools to play matches in conditions that are not in the best interest of the schools involved. NOTE: All mutually established match times are subject to final approval by the CHSAA office as needed. When mutual agreement for the match time cannot be reached, the following statements will apply:

- a. When post-season matches are to be played on a Saturday, 1:00 or 3:00 p.m. is the preferred scheduled times; when post-season matches are to be played on a weekday, 3:30 p.m. or 4:00 p.m. are preferred times and for non-lighted fields. The option of 6:00 p.m. or 7:00 p.m. for lighted fields are preferred scheduled times.
- b. The Commissioner shall have the sole province to designate match times and sites, including when a school district is hosting more than one match. Conflicts, which could have a venue, academic or financial impact on the match, will be considered.
- c. All schools, both home and visitor, will be provided the opportunity to supply input in the match time scheduling process.
- d. The CHSAA post-season calendar will be adhered to when match conditions permit. When available, host schools shall attempt locate an artificial turf site that will be as an alternative to stay on schedule.

VI. INFORMATIONAL ITEMS:

- A. The committee commended the CHSAA staff, the Englewood School District and staff, along with Denver Public School; Douglas County School District; Cherry Creek School District; and Dick's Sporting Goods Park management, for their work as hosts of the boys' and girls' semifinal and final matches.
- B. The HSSO President Davis Moore informed the committee that there were a total of 442 members of HSSO. This includes 8 fewer officials from the previous year. For the first time in the fall season, assignors and officials utilized the Arbiter Sports System to assign officials for the regular season. Although the system still has flaws, it is the hope of the HSSO, assignors, officials and CHSAA that this will make it more effective in the communication with officials this spring.

SOCCER

- C. MaxPreps Ranking System – Gerry Valerio presented information regarding the MaxPreps website and the use of the MaxPreps Rankings System for seeding and pairing purposes. The MaxPreps Ranking System factors include: Game results from the current season (Including wins/losses against in-state and out-of state opponents); Quality wins (against ranked teams); strength of schedule;
- D. CHSSCA Report – Theresa Echtermeyer (CHSSCA, President) – Encourage the evaluation of officials following each match; Encourage coaches to vote for playoff officials; she voiced the concern of the day of the week that regular season matches are scheduled. It is difficult to find quality officials to fill the varsity, and sub-varsity schedules with numerous matches on the same rotations. (i.e. Monday/Wednesday versus Tuesday/Thursday). Coaches want to continue to do things that make high school soccer special. Colorado coaches like the idea of having all 3 Boys' Championship matches played on the same day, but would like to investigate the possibility of scheduling evening match times. Echtermeyer also discussed that it was difficult to play the 5A second round matches on a Monday evening. The coaches had discussion surrounding the CHSAA eligibility standards and the responsibility of the school's administration for this to be executed successfully during the season.
- E. Wilson Sporting Goods – Jamie Andra provided the committee with an example of the new game ball to be played with beginning with the 2013 fall boys' semifinal and final matches and 2014 spring girls' semifinal and final matches. The Wilson Forte Hybrid is approved by the NFHS and also the NCAA.

He informed the committee that vital time was spent on the 3-person mechanics that are utilized in the quarterfinals through the state championship games. The CHSSUA will continue the 3-person training and will hope to utilize it in the entire state tournament beginning in the fall of 2013. Jordan presented the committee with a handout from the NFHS containing the rule changes for 2013. The CHSSUA also proposed a 3-person umpiring crew to be utilized during the entire State Tournament for all classifications.
- C. The committee supported the Bylaw proposal that was presented by Bruce Wright, athletic director at Highlands Ranch High School and representing the Continental League. SPEECH

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Adopt the NFL Rules regarding permitted on-line Interpretation Sources.
- B. Adopted the wording to change the use of "Time Cards" to "Time Signals" throughout the Handbook.
- C. Adopt the use of electronic registration for the Regional/State Tournaments (Speechmeets.com). The State Festival/Tournament will utilize Speechmeets.com for registration and for State Tournament scheduling.
- D. State Festival/Tournament has adopted two rule changes for the 2013-2014 season: The rule changes will be reflected in Duet Acting and the second will be changing Solo Acting to Contrasting Monologues.

II. RATIONALE:

- A. Last year this rule change was piloted. Coach and competitor feedback was positive, so the committee voted to make the change permanent.
- B. The Committee voted to update the wording in the Handbook to meet the needs of our judges and competitors.
- C. Moving to electronic registration (scheduling for Festival) enables entries to be transparent, more legible, names posted and prevents mistakes with codes.
- D. In Duet Acting, the single character rule continues to create confusion for students and coaches. Removal of the phrase **written to be played by one actor . .** allows students to select, prepare and perform pieces that transition from Festival to tournament and in NFL competition. "Contrasting Monologues" allows a student to demonstrate in a single event his/her range of acting ability.

VII. 5A REGIONAL SEEDING HOST CRITERIA

1. Only the top 2 league finishers from each league will be eligible to host.
2. Host teams will then be selected based on geography, previous year's state finish, and previous year's number of state qualifiers.

NOTE: With the waterfall format, at the end of the season, if league finish does not match up to the host qualifiers' finish, the league standings will shift down. For example, if Cherry Creek HS does not win C1, the Continental League Winner will shift to the C2 position and Cherry Creek will still host, etc.

CLASS 5A GIRLS' 2012 REGIONALS (October 1, 2011 enrollments 1411-up)

VIII. INFORMATIONAL ITEMS

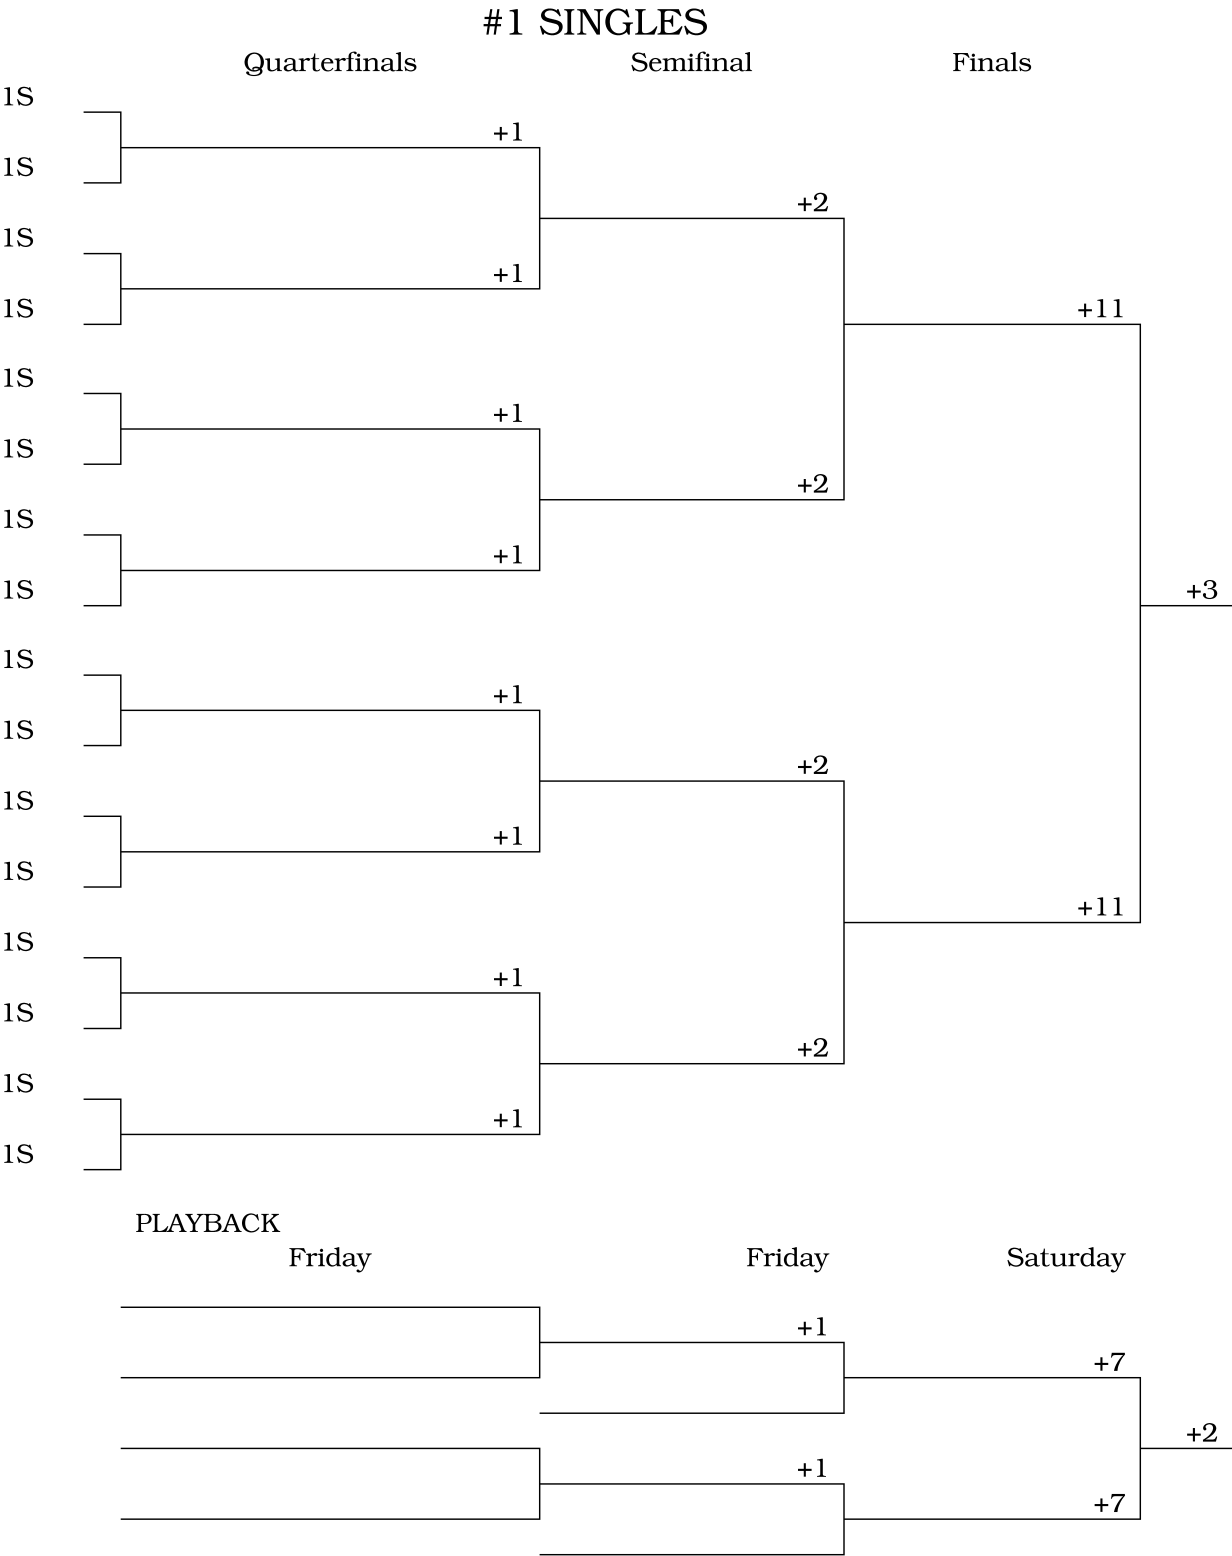

The Tennis Committee will meet the Monday before the State Tournament to bracket each of the seven positions. No outside coaches are allowed to attend. In order to gain feedback from coaches across the state, the CHSAA will create an official online State Tennis Poll for the coaches to voice their opinions and feedback regarding the best teams/individuals in state. This poll will happen the Sunday following Regionals.

The bracket creation process is as follows:

1. All 16 individuals/teams will be considered for placement on the draw.
2. The top 4 individuals/teams will be placed.
3. The remaining Regional Winners (#1's) will be randomly drawn for places on the draw.
4. The committee shall consider the following factors (in no particular order of importance): strength of league, overall record, strength of competition, head-to-head competition and common opponents.
5. The Regional Finishers (#2's) will then be randomly drawn for matches against a Regional Winner.
6. All Regional Winners will be paired against a Regional Finisher.
7. No two teams or individuals from the same Region will play each other during the first round of the state championship.

TOURNAMENT & PLAYOFF

TOURNAMENT AND PLAYOFF FINANCE

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

A. None

II. RATIONALE:

A. None

III. FINANCIAL IMPACT:

A. None

IV. REIMBURSEMENT:

A. Allowances will be made (if gate receipts exceed the expenses, and the balance is sufficient) for travel, meals and hotel in baseball/softball, basketball, football, ice hockey, soccer, volleyball and wrestling at state championship events.

NOTE: If the balance at state championship events is not sufficient to pay 100% of allowable expenses as outlined in this report, payments to schools will be prorated.

NOTE: Travel expense reimbursement is funded according to the CHSAA formula and may or may not cover all travel costs, due to the prevailing costs for distance traveled, mode of travel, etc.

B. STATE TOURNAMENT ONLY -- a team's expenses will cease after that school's representative has been eliminated from further participation. In the case of wrestling or other individual sports, a team's expenses will cease when the last team member has been eliminated from further participation (not to include metro area as noted under wrestling). This is not intended to affect return home expenses.

C. When an independent school (including a school playing in a league out of its classification) is assigned to a (basketball, volleyball, wrestling) Regional qualifying tournament, its expenses for travel, meals and lodging will be reimbursed in accordance with A above, up to a point no greater than the reimbursement granted the furthest league member participating in terms of travel distance. In the event additional reimbursement is due, the balance will be made by the CHSAA.

V. GUARANTEES:

A. If two teams are in a playoff and the host school will not guarantee expenses of the team designated to travel and that team will guarantee the expenses of the designated host school, then the site shall be reversed, and the host team will be required to travel. (Note: In either case, the school originally assigned the host role, will retain that status for the purpose of charged home contests and coin flips.)

B. If neither team will guarantee the expenses, the game will be played at the designated site as assigned by CHSAA and both teams will share in the deficit. The school originally determined to host will prepare and submit the required CHSAA financial statement.

C. In district and regional tournaments involving three or more schools, the host school shall receive 20% of the gross for expenses to conduct the tournaments. If the

TOURNAMENT & PLAYOFF

additional expenses to conduct a tournament exceed the 20%, by prior mutual agreement by all participating schools, all schools will share in the deficit.

- D. In all situations in which the home school is responsible for guaranteeing the expenses of the visiting school, both schools must negotiate an understanding of what expenses will be paid preferably as soon as possible after the opponents are determined.
- E. In order to defray expenses, the host school shall consider all ways to decrease costs. The use of volunteers (parent, booster or student organizations) is encouraged. Only absolute and necessary workers should be hired. Hospitality should be limited and the numbers of officials should be hired as directed by the Legislative Council.
- F. CHSAA playoff report form and monies should be submitted within ten (10) days following conclusion of event.

VI. MEAL ALLOWANCE:

- A. Meal allowance, where permitted in team competition, may apply at all district, regional and state playoff tournament levels when travel is in excess of 60 miles (road miles one-way) and/or involves overnight lodging for tournament play. (Refer to V, A.)
- B. The meal allowance for all sports as noted under Item A, in all district and state playoff tournaments will be as follows: Breakfast - \$4.00; Lunch - \$5.00; Dinner - \$6.00
- C. Meal allowance is based on the maximum number allowed for reimbursement shown in the transportation section.
- D. The above meal allowance does not pertain to the host school.
- E. The Commissioner will decide the number of allowable meals for state playoffs as noted under Item A.

VII. HOTEL ALLOWANCE:

- A. Hotel allowance will be \$12.00 per night for actual participants based on the number shown in the transportation section.
- B. A team must travel at least 200 miles one way before overnight lodging is allowed. It must travel 325 miles one way before the second night lodging is permitted. Hotel lodging should be approved in advance by the Commissioner. (Note: Does not apply to two-day state tournaments.)
 - 1. In the event a two-day tournament or more is involved, schools must receive prior approval from the CHSAA Office for the allowable number of overnight lodging and corresponding meals. This will be predicated on the scheduled starting time of the school's first contest, weather conditions, and overall distance from the site. Note, for single-day tournaments, the conditions as indicated in Section VII.-B, under "Hotel Allowance" will apply.
- C. In the event of an emergency such as a storm, and the traveling team is forced to remain longer, a contingency fund will be set up by the CHSAA to defray unexpected expenses. Such hardship cases will be decided by the Commissioner. If the balance of the contingency fund is unable to cover costs, it will be prorated among the affected schools.
- D. Hotel expenses will be allowed for actual overnight used.

TOURNAMENT & PLAYOFF

TOURNAMENT & PLAYOFF

IX. FEES COLLECTED BY CHSAA

CHSAA PLAYOFF REPORT FORM AND MONIES SHOULD BE SUBMITTED WITHIN TEN (10) DAYS FOLLOWING CONCLUSION OF EVENT.

- A. The Commissioner is authorized to conduct spot audits of playoff attendance and receipts.
- B. In football, CHSAA will receive 10% of the gross receipts and 70% of the net proceeds, after expenses have been paid for all playoff games. The two participating schools will divide (equally-15% each) the remaining 30% of the net proceeds.

When a football championship game is played at a predetermined high school site, each competing school will receive 10% of the gross income. The school or facility hosting the contest will also receive 10% of the gross. The remaining 70% of the gross income will go to the CHSAA.

When a multi-classification football championship event is held at a predetermined site, each team's share of the gate will be negotiated with the CHSAA.

In football only, if the host school shows a net loss greater than the amount shown on the statement, which should be paid to the CHSAA, no money is owed to the CHSAA. Example 1: If a school hosting a football playoff game shows a net loss of \$1.00 and the CHSAA share shown on the statement is \$50.00, the net amount paid to the CHSAA is \$49.00. Example 2: If a school hosting a football playoff game shows a net loss of \$100.00 and the CHSAA share shown on the statement is \$50.00, no money is owed to the CHSAA.

Football - In football intra-division, inter-division games (within 10-game limit) and tie breaker games (California playoff contests), the CHSAA will not take a percentage of gross receipts, nor will it share in any losses.

- C. In the case of a weather emergency during a state playoff contest, additional team expenses for meals, lodging and transportation incurred may be reimbursed from the contingency fund upon application to the Commissioner or designee.
- D. In basketball, soccer, volleyball, and wrestling, in the District, Regional and Final playoffs, CHSAA will receive 20% of the adjusted gross receipts.
- E. In the sports of field hockey, lacrosse and soccer, schools hosting contests which are on the state championship bracket in that sport may pay a fee to the CHSAA in lieu of charging admission. (Boys Soccer 3A-\$125, 4A-\$200, 5A-\$200; Girls Soccer 3A-\$150, 4A-\$150, 5A-\$150; Girls Field Hockey-\$50; Girls Lacrosse-\$125; Boys Lacrosse-\$125. This fee will be set by the CHSAA and will be based on an average of the 20% of the gross sent to the CHSAA in previous playoffs in that sport. When paying this fee, hosting schools are still responsible for any travel guarantee due to the opponent, officials' payments and other costs associated with hosting these contests. Pre approval from CHSAA is required for implementation.
 - Baseball Districts – 3A, 4A, 5A - \$200 – no travel reimbursement guarantee.
 - Ice Hockey – 1st and 2nd rounds, all cost profits and/or deficits are shared by the participating schools at each site.

TOURNAMENT & PLAYOFF

IX. FEES COLLECTED BY CHSAA

- F. In all state culminating events (except football), CHSAA will retain 10% of the gross, then pay expenses on a prorated basis, based upon all allowable meals, hotel and transportation. After all allowable expenses have been paid, CHSAA will retain the balance.
- G. In 1A-2A baseball up to the regionals, CHSAA will not take a percentage of the gross receipts. The home school will incur its expenses, the visiting school will incur their expenses and if there are gate receipts, these gross receipts will be split between the participating schools.

X. ALLOWABLE EXPENSES:

- A. Maximum host school allowable game expense in football:
 - a. A-6 ----- \$300.00
 - b. A-8 ----- \$300.00
 - c. 1A ----- \$400.00 (See note below)
 - d. 2A ----- \$400.00
 - e. 3A ----- \$550.00
 - f. 4A ----- \$675.00
 - g. 5A ----- \$750.00

NOTE: In football, baseball, basketball, soccer, volleyball and wrestling (at the discretion of the host school), expenses in employing police may be added to the maximum allowable game expense. Expenses must be itemized.

In emergency situations which make it impossible for the home school to stay within the above allowances, the Commissioner may approve deviations from the maximum allowable expenses.

- 1. Bleachers moved in is an expense of the host school.
 - 2. When using a football stadium that charges a set amount for expenses, but not owned by a school district, the Commissioner may approve expenses, in addition to those shown in IX-A above.
 - 3. Snow removal is the financial responsibility of the host school.
- B. Schools which are required to travel beyond their league limits to participate in a district or regional qualifying tournament at which schools are required to pay costs for facility usage may apply to the CHSAA for reimbursement of the facility costs.

TOURNAMENT & PLAYOFF

XI. OFFICIALS' EXPENSES:

- A. Mileage – 40¢ per mile – Mileage for metro areas will be \$2.00 per day. Travel mileage for all play-offs will be calculated by Arbiter using zip code to zip code.
- B. 1. Only one driver will be paid for each contest. This will be paid to the official on the crew who travels the furthest. Issues with multiple drivers must be solved between the officials and the assignor prior to the game.

2. In lieu of per diem, a rider fee of \$10 is paid to officials, non-drivers only, who are riding on trips of 75 miles or more one-way.
- C. When the CHSAA office is responsible for paying mileage to state events, the Board of Directors will determine the amount paid.

XII. ADMISSION PRICES:

- A. Minimum prices have been established for all playoff games (all classes of schools and at all levels of playoffs.)
- B. Admission prices for State Final events, including football playoffs, are established by the CHSAA Board of Directors.
- C. The age at which senior citizen rates apply is 60.
- D. MINIMUM ADMISSION CHARGES, PER SESSION, FOR DISTRICT AND REGIONAL COMPETITION IN ALL SPORTS:

		<u>Volleyball Pool Play Day</u>
Students (K-12).....	\$5.00	\$6.00
Senior Citizens (age 60).....	\$5.00	\$6.00
General Admission.....	\$6.00	\$7.00

Schools should consider an all-day pass of \$8.00 or \$6.00.

Prices may be raised if different playoff formats are used.

- E. Exception to the required minimum admission prices (in case of extenuating circumstances) may be appealed to the CHSAA Commissioner and/or the Board of Directors. Note, past experience has shown public relations are enhanced if people are paying the same price for the same type of game at each location.

XIII. ADEQUATE FACILITIES ARRANGEMENTS:

In the playoffs, the Commissioner has the authority to select the site based on the adequacy of the seating, field conditions, court size, etc. Football host teams must have approval.

XIV. POLICIES:

- A. Support Group Admission - Admission procedures at district, regional, sectional and state championship events will be determined by the Commissioner and/or Board of Directors. Admissions of these support groups are to be consistent from sport to sport and/or activity. Bands and/or Spirit groups will only be admitted in uniform and with a director or sponsor.

TOURNAMENT & PLAYOFF

- B. If state level activities are not held in high school facilities, the expenses for hosting the meet in the facility will be negotiated by the CHSAA liaison, and the host school will not be entitled to 20% of the gross.
- C. There will be no entry fees assessed/charged at any qualifying meet, tournament, event, or contest for the purpose of purchasing awards.
- D. Co-op Schools (Trophies)--If a cooperative school wins a trophy at the final state championship level, the CHSAA will provide a duplicate trophy for the second school. CHSAA will assume the cost.
- E. Committee members can be paid on a formula different than that for paying teams when the Board of Directors determines it necessary. The Board of Directors will set these amounts. The committee members from the metro area will receive a \$10.00 mileage reimbursement, and the Association, when applicable, will pay for their lunch.
- F. If a district or regional uses a rented facility, the cost for the rental is shared by all schools in the district/regional and is not included in the 20% host expense.

XV. INFORMATIONAL ITEMS:

- A. The Commissioner may call a special meeting of this committee, which shall have the power to adjust items of this report in response to severe economic changes.
- B. When discussing more revenue back to schools for hosting it is clear that \$100.00 reimbursement to an individual school is magnified over the number of sites as an estimated \$150,000.00 loss to the Association.
- C. When assigning playoff games a conscious effort is made to balance mileage and neutrality.

TOURNAMENT PLAYOFF AND FINANCE COMMITTEE REPORT POLICY STATEMENT

The Tournament and Playoff Finance Committee strongly encourages all CHSAA sports committees to set geographic proximity as a primary consideration when determining post season playoff formats.

In this era of diminishing resources, it is imperative that schools conserve financial resources in the athletic arenas. While this committee has no authority over league and regular season play, the committee believes that it should do its part in conserving resources by constructing post season playoff systems that keep travel and missed school time to a minimum.

With the above mentioned criteria in mind, the committee believes that it is in the best interest of high school sports to ensure the continuing support of our communities and school boards. The surest way to accomplish this rests with sports committees in their planning for post season play.

The TPF committee is charged with developing a financial system for post season play that is not a drain on school budgets. The support of the individual sports committees is needed to ensure outside entities do not intervene in this issue.

V. QUALIFYING FORMAT:**DISTRICTS (1A/2A ONLY)**

- A. District sites will be selected by the appointed school administrators. Designated school administrators will poll the assigned schools within a district in the spring of the year and report the site to the CHSAA according to the established rotations.
- B. Districts are played for placement of teams into the regionals. All Districts qualify three teams to regionals.
- C. Matches that do not impact the Regional Qualifiers (1st, 2nd, or 3rd) will be the best 2 out of 3 sets (3rd set to 25 – no cap).
- E. Officials will be selected by the district tournament committee. Line judge fees will be part of the tournament expenses. If available, registered officials shall be used as line judges.
- F. There will be a minimum 15 minute rest period between matches for teams playing back to back. The 15 minutes will begin as soon as the court is cleared from the preceding match. The 15 minute warm-up will begin after this 15 minute rest period (where applicable). It is the responsibility of the home site's management to oversee warm-up time.

VOLLEYBALL

The following format is highly recommended:

- 5 minutes – Both teams on their side of the court.
- 5 minutes – Visiting team both sides of the court (including serving).
- 5 minutes – Home team both sides of the court.

G. AWARDS – One District Winner and one District Runner-up Award will be given to the first and second place teams from Districts.

H. Protection options for Districts:

1. OPTION A – If an entire league is assigned to one district, the league may elect to dispense with district tournament play. League standings would then determine the qualifiers.
2. OPTION B – If an entire league is assigned to one district, the league may elect to play a district tournament and guarantee their league champion a regional berth.
 - a. The league championship must be won outright, as determined by the league, to guarantee a regional berth.
3. OPTION C – In multi-league districts, there is no qualifier protection; tournaments must be played to determine qualifiers to regionals. Leagues may not supersede this rule.
 - a. District Pairing and Seeding Procedures
 1. Districts must decide and submit their seeding procedures prior to the volleyball districts. Teams will be seeded by the district seeding committees.
 2. If there is one outside team in the district and if there is not unanimous agreement by all participants in the district regarding how this team is to be seeded, the outside team will be placed in a pool as either the #3 or #6 seed according to their league winning percentage, overall record, and/or head-to-head competition within teams in the district.
 3. If there are two outside teams in the district and if there is not unanimous agreement by all participants in the district regarding how these teams are to be seeded, the outside teams will be placed in opposite pools with one team seeded #3 or #6, and the other team seeded #4 or #5 according to the league winning percentage, overall records, and/or head-to-head competition.
 4. If there are three outside teams in the district and if there is not unanimous agreement by all participants in the district regarding how these teams are to be seeded, two will be placed in one pool and the other one in the opposite pool according to league winning percentage, overall records, head to head competition, league finishes, etc.

TIE BREAKER METHOD (for state playoff competition)

****In the case of a tie, the Tournament Director must call the CHSAA Volleyball Administrator to verify. All involved teams must sign off verifying they are in agreement that the tie was broken accurately using the following method.**

1. Match record determines the seed for advancement (i.e. match record 3-0, 2-1, 1-2).
2. Always use head-to-head whenever two teams are tied.
3. When three teams are tied for the #1 seed or if there is a three way tie for two qualifying spots, (if only one qualifying spot is available go straight to criteria #4), apply the following tie-breaker in order (a, b, c, d) and determine the highest of the three teams. **THERE MUST BE ONE ONE-SET PLAYOFF. SEE BELOW**
 - a. **Eliminate non-tied teams.** Determine the set percentage among **TIED** teams. (sets won ÷ total sets played among tied teams)
 1. Take the highest set percentage team as the #1 seed. If two teams have the same percentage, use head-to-head to break the tie.
 2. The two remaining tied teams will then play one set to 25 points to determine the #2 seed. (no cap)
 - b. If three teams are still tied for the #1 seed, **eliminate non-tied teams**, use point differential among **TIED** teams (total points earned minus total points against).
 1. Take the highest point differential as the #1 seed. If two teams have the same point differential, use head-to-head to break the tie.
 2. The two remaining tied teams will then play one set to 25 points to determine the #2 seed. (no cap)
 - c. If three teams are still tied for the #1 seed, **re-instate non-tied teams**, use set percentage among **ALL** teams. (Sets won ÷ total sets played)
 1. Take the highest set percentage team as the #1 seed. If two teams have the same percentage, use head-to-head to break the tie.
 2. the two remaining tied teams will then play one set to 25 points to determine the #2 seed. (no cap)
 - d. If three teams are still tied for the #1 seed, **re-instate non-tied teams**, use point differential among **ALL** teams (total points earned minus total points against).
 1. Take the highest point differential team as the #1 seed. If two teams have the same point differential, use head-to-head to break the tie.
 2. The two remaining tied teams will then play one set to 25 points to determine the #2 seed. (no cap)
4. For a 3-way tie for the #1 or #3 seed or if there is a three way tie for only one qualifying spot, determine set percentage among **TIED** teams (**eliminate non-tied teams**). The two lowest set percentage teams will play one set to 25 points (no cap). The winner will then immediately play the highest set percentage team to determine the #2 seed. If two teams are tied with the highest set percentage, use head-to-head to break the tie. **THERE MUST BE TWO ONE-SET PLAYOFFS.**
 - a. If tie isn't broken, then same procedure will be followed taking point differential among **TIED** tams (**eliminate non-tied teams**).

VOLLEYBALL

- b. If the tie isn't broken, then same procedure will be followed taking the set percentage among **ALL** teams.
- c. If tie isn't broken, then same procedure will be followed taking point differential among **ALL** teams.

REGIONALS (ALL CLASSES)

1. All Regionals have three teams – a total of three matches will be played. All Regional Winners will automatically earn a berth to the State Championship.
2. The highest seed in each Regional will host.
3. The order of regional play will be as follows: 1 v. 3; 2 v. 3; 1 v. 2
4. Matches will be 3 out of 5 sets to 25 points with deciding set to 15 points using rally scoring (no cap) will be used for regional play. Matches that do not impact the State Qualifier (1st) will be the best 2 out of 3 sets (3rd set to 25 – no cap). **This will only happen is Team 3 beats Team 1 and Team 2 in the first two matches.*
5. It is recommended that at least 30 minutes are scheduled in between matches in order to accommodate for adequate rest (15 minutes) for the team that is playing back to back.
6. The 15 minute warm-up is strongly recommended. It is the responsibility of the home site's management to oversee warm-up time.

The following format is highly recommended:

- 5 minutes – Both teams on their side of the court.
 - 5 minutes – Visiting team both sides of the court (including serving).
 - 5 minutes – Home team both sides of the court.
7. The tie-breaker procedure must be utilized. The hot line number must be used whenever there is a tie to verify tie-breaker accuracy for final standings. **Ties during Regional play will be limited to 3-teams tied for 1st. There must be two, one-set playoffs to 25 (no cap).*
 8. AWARDS – One state qualifier plaque will be awarded to the Regional Winner advancing to state.
 7. OFFICIALS – Officials will be selected by the regional directors/tournament committee. Line judge fees would be part of the tournament expenses.

1A/2A Regionals

With three teams in each Regional, only one court is necessary. Team 1 may host at their home school if they wish. Discussion should happen in advance between the Districts involved. Those schools hosting regionals should have adequate seating capacity. Standards without cables attached to floor should be used for safety reasons.

Wildcard Teams (4) – Will be selected after the completion of the Regional Tournament. Teams will be selected based off of the MaxPreps Freeman Rankings published the **Sunday after Regionals**. Teams must have participated in Regionals in order to be considered as a “Wildcard Team” to the State Championships. Eight Regional Winners plus these 4 Wildcard Teams will advance to State.

CROSS BRACKET

State Seeding/Pairing Criteria for 1A-5A

Teams will be seeded based on the State Seeding Criteria by the State Seeding Committee:

- a. The MaxPreps Freeman Rankings published the Sunday **prior to Regionals** will be the primary seeding consideration
- b. If there are three (3) teams from the same league in the same pool, the committee shall look to make a switch in order to avoid this. The committee should first look to switch teams seeded 9-12.

VI. INFORMATIONAL ITEMS:

- A. It is strongly recommended that coaches be clear on the number of matches their team will play in a given tournament. This information must be included in the tournament contract.
- B. It is strongly recommended that 2 out of 3 sets be played at all sub-varsity levels to enhance time management constraints. Further recommendations to shorten nights include:
 - Scheduling 2, 3 or 4-team round robins on Saturdays when possible to lessen time for week night matches.
 - Monitoring warm-up time between matches.
 - Flipping coins before the first sub-varsity match for all matches that will be played that evening/day.
 - Use of multiple nets and/or gymnasiums where available.
- C. Postseason (District and Regional) play is strongly recommended for Saturdays to lessen missed school time and alleviate travel time. Due to constraints with officials and the large number of Regionals, play on Saturday afternoon should be considered (instead of Saturday morning).
- D. It is recommended that site directors & regional tournaments build in a 30-minute rest period for teams having played back-to-back matches prior to a subsequent match.
- E. Line judges will use flags at the State Tournament. District and Regional site directors may choose to use flags.
- F. In the case of inclement weather, the tournament director, in conjunction with the CHSAA office may obtain permission to not play matches that appear to have no bearing on the result.
- H. State Association Adoption of NF Playing Rules:
 1. 1-2, note 2 Modification of match format is permitted for other than dual varsity matches.

WRESTLING**I. MAJOR CHANGES FROM LAST YEAR'S REPORT:**

- A. In Class 5A, the top 16 schools (based on returning regional/state points) were separated into four regions. The remaining teams were placed into regions taking points and geography into consideration. Each region has been geographically designated and must conduct the regional tournament in that area of the state.
- B. In Class 4A, the top 8 schools (based on returning regional/state points) were separated into four regions. When possible the remaining teams were placed into regions using geography as the primary consideration. Each region has been geographically designated and must conduct the tournament in that area of the state.
- C. Track Wrestling is the approved computer system used for all regional and state tournaments. All coaches are required to complete the following items prior to the prescribed deadlines:
 - 1. All varsity win/loss results must be entered into the OPC prior to February 9, 2014.
 - 2. All regional rosters must be submitted into Track Wrestling prior to Sunday, February 9th at 3:00 p.m. Regional criteria (head to head, previous state placer) must be submitted by 11:59 p.m. on February 9th.
